## **NEWSLETTER**

**Edition 15 - April—May 2008**  
**(Issued on 4 April 2008)**

What a busy month we've had, elections, Burketown Fishing Competition and Easter, but there is no time to rest on our laurels as we have Anzac Day, Gregory May Day weekend events, Burketown Campdraft & Horse Sports, not to mention a Ball & the Arts & Craft Show to organise (details inside).

Congratulations to all candidates who ran for the Local Council Elections. It was great to see so many nominations, proving we have a committed and caring community.

I have added a new page to our newsletter titled "Have Your Say" which will be dedicated for the public to voice their concerns/opinions. So if you have any comments on local issues please send them into me and I will include them in the next edition. (\*Please note - Articles will be printed on Editors discretion.)

# 2008 Local Government Elections

## Mayoral Report

Congratulations to the Burketown Fishing Competition Committee for an absolutely wonderful event over the Easter period. Sunday night was a well organised thoroughly enjoyable event. Well done and thank you.

I welcome all who were elected and send thanks on behalf of the Community to those retiring Councillors who have contributed their time and wisdom to get our Shire to where it is today. Thanks to Irene Marshall who was our longest serving member, Kenny Booth for his 7 years and Murradoo Yanner for his 3 years. Our induction day was attended by family, friends and office staff. Faye and Doug Jones attended and Doug kindly gave us a lesson on our roles for and in the community and took his wisdom from a bible reading, reflecting on the laws handed down through the 10 Commandments. His prayer for the good of the community through sound decision making by the Councillors elect was a good and proper start to this term of Council. Thank you, Doug and Faye. It is interesting to note that Cr Tonia Booth is third generation of the Booth Family represented on Council. (To the best of my knowledge) On behalf of the newly elected Council I am sending out thanks to one and all for the efficient, well conducted occasion the elections turned out to be. Without the interest of the candidates who nominated and the voters who selected the elections would be a non-event. Thank you all sincerely. Council has already decided to address the problems that arose over that period with the Electoral Commission and the Government. These include the return of a polling booth, the timing of the election and our basic democratic right to have our say and to make sure it is actually achieved. Since the finalisation of the election the new roles under amalgamations have begun. Even though we have not been amalgamated we are down to five Councillors and the job is in front of us.

Since the departure of our previous CEO Craig Turnour who was farewelled with numerous tributes including the gift of a painting of the Burketown Aquatic Centre from Burke Shire and the Community, thanks and lots of memories we welcomed the arrival of Mr. Paul Maberly to act in the position of CEO until Council has decided who will fill the role permanently. Paul has decided to accept another position at home and we wish him well in his new endeavours, as he is leaving at the end of the week. Oliver Pring has been appointed acting CEO whilst we readvertise the position. Thank you to all the staff who have maintained the works over this transition period.

The Premier called all Mayors to Brisbane for a briefing and we were informed, instructed and lectured by the speakers and put on notice to make things work and seize opportunities. Premier Anna Bligh spoke on the amalgamations and how this action would give amalgamated Councils "grunt". I was able to ask the question how do the 'squealers' (the not amalgamated) then get to the grunt stage. This got a laugh but the Premier spoke to me privately and invited us down for a meeting with her on all the issues. Deputy Premier Paul Lucas, Minister for Local Government Warren Pitt, Federal Minister Albanese, and Minister for Transport, Local Government and Infrastructure ask us all to work with Government for our communities and take advantage of opportunities that will be available. I was able to attend an Alcohol Management meeting at the invitation of Mornington Island Mayor Cecil Goodman. Only the Aboriginal and Torres Strait Mayors had been advised that the meeting was on. I was able to make the point that we were under the legislation as well and should naturally have been included. It was heartening to hear the discussion and the criticism that whilst alcohol has been a problem it is not the only item that needs discussion. The mood was one of getting on with the jobs that need to be done, and the ability to do so developing commercial opportunities to become self-sufficient, potentially using some of them as opportunities to solve the problems.

Ranger Russell Cunningham and I are meeting with DPI to discuss the Caring for Country, the Burke Shire Pest Management Plan and potential models for engaging the community. We are looking forward to a forum with DPI in mid-May bringing quite a road-show for our information. Council will be attending the Community Forum in Richmond on the 7<sup>th</sup> April, a pre-start RoadTek meeting in Cloncurry on the 9<sup>th</sup> April, a Council meeting on the 10<sup>th</sup> April. The 13<sup>th</sup> April – 19<sup>th</sup> April I will be attending AgForce and LGAQ Infrastructure and Development meetings in Brisbane. Our local Member Betty Kiernan offered her congratulations and we had a lengthy discussion and a meeting will be set up while I am in Brisbane. We try to capitalise on the time away by lining up as many items as we can. It means I have to do fewer trips, but with the new regime Councillors will be sharing more of the load as well. On the 21<sup>st</sup> of April Kath Logan, Chair Gulf Board of the North Queensland Area Consultative committee is hosting a meeting of the Board at Century. Both Cr Tracy Forshaw and I are members and will be attending. I am attending the Council meeting of NQACC in Hughenden on the 23<sup>rd</sup> April and will be back to attend Anzac Day. We then look forward to the May long week end with the canoe race, Gregory Races and Bull ride. If anyone reckons they are bored they certainly don't reside in the Burke Shire.

It is fantastic to see the road works well underway and the improvement to the roads thanks to the road crew and the people who keep them going. Parks and gardens and are one of the many compliments that I receive constantly both here and Gregory. I must comment on the extraordinary efforts put in by Elvee Portch and Don McEvoy in relation to getting the Gregory water right and to thank them.

Finally, I will be spending more time in the office and am available to meet with anyone. If you would like to discuss any matter with me please call the office to make an appointment.

Annie Clarke  
Mayor

Thanks to all those that voted for me and have given me the opportunity to represent the community on Council. I'd like to reiterate that I am committed to representing the people of Burke Shire and I will do my very best to make improvements where necessary. As I have stated previously, I am a strong advocate for young people and I intend on sharing my knowledge and experiences to strengthen and enable our youth to do well. I am also very dedicated to protecting and caring for the environment so that future generations can enjoy what we have. I'm always out and about town so feel free

to have a yarn with me about any issues that may be concerning you.

Tonya Murray  
Councillor

Thanks to the people of The Shire of Burke for voting for me. It is a privilege to be in Council again after 16 years of service as a Councillor. I have lived around Cliffdale & Hells Gate Roadhouse since 1972 where I have built up quite a business. I miss out on a lot of town events as we have to drive approximately 180 - 200km each way and it makes it a very long day. Feel free to contact me with any problems you might have and be assured that I will put it on the table at Council meetings.

Bill Olive  
Councillor

I appreciate the community giving me the opportunity to work with and for you for another four years for the betterment of our Shire. I see it as a privilege to be able to give of my time and effort to the Shire that has given much to my family and I over the years. I would like to thank all those who participated in the recent council election whether it be those standing for positions or those who exercised their democratic right to vote, a privilege those in many other countries are denied. To those who were successful I offer my congratulations and to those who were unsuccessful I thank them for

giving people a choice and for showing a willingness to make commitment to our community. A willingness to participate is what makes communities strong. I am quite willing to listen to the community on any issues that they wish to discuss. Please take the opportunity to raise these with me.

Ernie Camp  
Deputy Mayor

Thank you for your support in the Burke Shire Council Election. I am willing to commit for the next four years to represent the overall public interests of this shire as a newly elected Councillor. As many of you would be aware I have lived, worked and played in the Gulf for the last 19 years. Over the years, my husband Ian, and I have built up our earthmoving/quarry/concreting business, which now employs up to 14 people. I handle all the office work and have a good understanding of all business associated with contracting, as well DNR/EPA regulations. Ian and I have three daughters. Courtney and Belinda are at boarding school in Charters Towers and Nicole attends the local Gregory School. I am very proud of our community and have been actively involved with many local organisations and will continue to be helpful where ever possible in Gregory and Burketown. In 2007 I was honored to receive the Burke Shire Council "Citizen of the Year" Award. If you have any queries or concerns that I can take to the Council meetings, please do not hesitate to contact me via Ph: 47485521, Fax: 47485527 or email: [tforshaw@bigpond.com](mailto:tforshaw@bigpond.com)

## Carpentaria Land Council Weed & Fire Report

Six fulltime Gulf rangers have started work for the Carpentaria Land Council and been working on the Rubber-vine infestation along the Albert River in the town area. The Rangers have been applying a cut and paste method to the rubber-vine and using an herbicide called Vigilant to kill the weed. Over the next couple of years we will put hot fires through this area to kill any seeds. The rubber-vine work will continue for the next month around town so if you can please notify your children to keep out of the area on the eastern side of town and we will notify you as soon as the area is safe for the kids to enter. It looks like the wet season has just about finished for the year and with the high temperatures still around the grass is starting to dry off already so it is time to start looking at putting in fire breaks around your properties to protect yourselves from wildfires.

## Burketown Tennis

Burketown Tennis tournament is well underway and have completed Round 6 with only 5 rounds to go. To those who haven't paid their \$10 nomination yet please do so ASAP. This money can either be given to Cheryl Portch or paid at Nowlands. Finals will be played sometime in the end of May, date TBA . The top 4 point scorers for the mens & womens will play off in the finals. Partners will be drawn from a hat. Winners from those 2 games will play off for the grand final (again partners will be drawn from a hat).

Remember we also hold the "Gulf Community Shield" which we won in Normanton. Expect another "Gulf Community" to challenge us for this shield sometime this year so we will need to be ready for this. Also we have our own "Burke Shire Shield" where we challenge Gregory annually, which will be arranged at a date to be decided, hopefully around August/September.

Burketown Tennis has also received a grant from NAWAMBA in Mt Isa for \$720 to help pay for new racquets, balls, nets & trophies. This grant will ensure that we have a good start to next years tournament. A big thank you NAWAMBA.

**Please note\* New draws (pink) are out to replace the current draw (blue) as there is an error in the dates games are played. Round 7 should start 31 march 2007 not 7 April as stated.**

Jim Floyd from Tennis Qld will be conducting Tennis & "Orientation to Coaching" Thurs 10 April, 5.30 to 9.30pm at the Shire Hall. If interested in attending or futher details please phone GSRA Inc PH: 4745 1010 or contact Cheryl Portch Ph:47455100

## **OBSERVATIONS FROM A VISITOR**

### **Easter Fishing Competition**

All roads lead to Burketown over the Easter weekend. People from far & wide were coming to Burketown for a whole range of different reasons but mainly to compete for "bragging rights" for the biggest barra. Well, Margie Cheetman certainly won these rights for the next 12 months with her 8.07 kg barra! I would like to offer my congratulations to all those who played a part in the 2008 Easter Fishing Competition. There was a small group of volunteers who gave up a fair slice of their weekend to make sure that nominations were processed, fish measured, raffle tickets sold, music was available (when the power came back on!) etc etc etc. The weekend was a success as judged by its fund raising outcome but it was equally successful in the way that it brought residents and visitors together to party in the unique Burketown way.

### **March 2008 Elections**

The council elections were hotly contested again this year with 3 candidates standing for the position of Mayor and 8 candidates standing for the four available positions of Councillor. The elected members were:

Mayor: Annie Clarke  
Councillor: Ernie Camp  
              Bill Olive  
              Tracy Forshaw  
              Tonya Murray

Councillor Camp was elected as Deputy Mayor at the Statutory Meeting held at the Council Chambers on Monday 31 March 2008. The newly elected Council was enthusiastic about the future of the Shire and each of the five elected members is looking forward to working with the Community to make some significant improvements over the next four years.

If residents have a suggestion or point of view on a particular issue then the best way forward is to either write to the CEO or have a chat with the Mayor or one of the Councillors.

### **Burketown – the Tidy Town of the Gulf**

It has been a real pleasure seeing the improvements made over the last 20 years. Burketown still has the classic outback lifestyle but the cosmetic improvements around the town, both in public amenities and businesses, is a credit to the Shire. It's also great to see that there are a couple of wood craftsmen supplying a range of products locally.

### **Gregory – Gateway to the Shire**

The changes in Gregory and surrounds is a real credit to the residents who have obviously taken great pride in getting a lot done with limited resources. The State Government should take note of the initiatives at the Gregory Airport and its solar powered lights and look at other ways of using renewable energy in the township.

## RANGER'S REVIEW

With the continuation of the wet season and the increased activity of our bird life it is an opportune time to enlighten residents on one of our shires bird species.

### **Bower Birds**

Of the 3 species of bowerbirds found in the wet tropics only the **great bowerbird** has been identified in the gulf savannah and the Burke Shire in particular.

**Mimics** - All the male bowerbirds are known to mimic other birds, usually as part of their courtship display. From September to February each year they live in the bush in the vicinity of their stages, giving an impression of countless species of birds in full song. The males sing for much of the day and it is thought that the mimicry component is used specifically to attract females. However, the loud songs also seem to function as an advertisement of territories to other males since a bird will stop now and then to listen for its neighbors. Females of the great bowerbird are also known to mimic when disturbed at their nests. They usually choose to mimic predatory birds but can also produce cat and human noises (one great bowerbird near a quarry, can mimic the noise of rocks being thrown into a trailer and a two-way radio)

**Bowers** – Bowers are not nests but display areas, built by male bowerbirds to attract females for mating. Females choose their mates after carefully inspecting the structure and decorations of each bower (rare items gain bonus points) as well as the male's plumage, his display and his vocal repertoire. Males with the best displays get to mate with the most females – in any population only a few experienced males, with the most impressive bowers, may actually father the young, this creates much competition with males actively destroying the bowers of rivals and stealing trophies. This forces the victims to spend more time on rebuilding and less on seducing females. Following his conquest, the male bowerbird takes no further interest in the female or his offspring. In contrast to their mate's elaborate structures, the females build rather ordinary cup or saucer nests made from twigs. Our species of bowerbird build avenue bowers. Thin sticks are neatly arranged in an upright position, forming two parallel walls, looking almost like a couple of old-fashion brooms sticking out of the ground with a narrow passage between. Decorations are mainly arranged at each end of this avenue, the great bowerbird choosing pale objects such as bleached snail shells, stones, bones and soft drink ring-pulls as well as green fruits (and often shiny objects stolen from homes). Further adornment is added by the males 'painting' the inner walls of the avenue with plant matter and saliva. Interested females enter the avenue, where mating takes place, after which she may be promptly chased away to leave the bower free for further seductions.

**Visiting bowers** – People are fascinated by bowers – but may unintentionally create a situation where all the bird's hard work is in vain. Bowerbirds put an immense amount of effort into their creations, spending up to 20 years building, renovating and decorating. A good bower is the key to a male's breeding success – as long as the females come to visit him. Females however, are shy and if a bower is frequented by potential predators, such as humans, they may stay away. The sad result is that the most spectacular bowers, which attract most human visitors, are the most likely to be a waste of effort. Having invested so much time and energy the males often cannot afford to start anew. If you want to visit bowers, or take others to visit them, please put the needs of the birds first. Time your arrival carefully so that you visit the bower in the middle of the day. The females visit for mating in the morning and evening, so visits between 11 am and 2 pm will help minimize this disturbance. Try and stay at least 5m away from the bower and make your visit brief. By hanging about, trampling and dropping rubbish you may not only scare away females but also alert potential predators to the bower's position. I trust this gives you some insight into this resourceful bird and look the other way when he picks the green fruit from your fruit trees to decorate his bower.

### **Recent Activities**

- 5 Burke Shire welcome signs have been installed at the 5 main road entrances to the Burke shire
- Barramundi Growout facility is progressing well with all of the equipment being ordered, shed flooring is being put down in conjunction with the new treatment plant concrete pour.
- New park table and chair setting installed in park near the Info Centre to replace the timber one that had fallen apart with dry rot.
- Table and Chair setting placed in Gregory Airport waiting shelter.
- Gazebo for the Pensioner Units has arrived and waiting for labour to install.

All rubbish bins out and local dumping points dug ready for the influx of visitors

## Turn your redundant CDMA phones into fence posts

With the closure of the CDMA network extended to April 28, (AREA) residents who have yet to recycle their soon to be redundant CDMA handsets can still do their part for the environment by recycling them now.

Burke Shire Council is part of MobileMuster, the official recycling program of the mobile phone industry. They're reminding residents to recycle their old CDMA phones, batteries, chargers and accessories at their nearest collection point or post them free of charge to MobileMuster to stop them ending up in landfill and harming the environment.

MobileMuster will recycle all CDMA mobiles handed in and recover over 90% of the plastics and metals. The recycled materials can then be turned into plastic fence posts, jewellery and stainless steel products.

As a community it is important to conserve our environment and by recycling old mobile phones, batteries, chargers and accessories we are reducing our demand on natural resources, saving energy and helping protect the planet. Mobile phones, batteries, chargers and accessories are not biodegradable and should not be thrown in the rubbish bin as they contain small amounts of potentially harmful substances that could pollute our environment if they end up in landfill.

By leaving a redundant CDMA handset lying around at home or the office, tonnes of useful metals like copper, gold and silver, as well as plastics are going to waste," said Rose Read, Manager of Australian Mobile Telecommunications Association's (AMTA) recycling program. "Recycling these materials means the CDMA mobile you are using today could be part of a plastic fence post you are installing next year, or the jewellery you buy your loved one on their birthday," said Rose. "I'm encouraging Burke Shire residents to round up and hand in their redundant CDMA mobiles now and do something positive for our planet" concluded Ms Read.

CDMA handsets, batteries, chargers and accessories can be recycled at Council's office in Burketown.

If you can't recycle them at a MobileMuster collection point, then recycle them by post FREE OF CHARGE, simply download a mailing label from [www.mobilemuster.com.au](http://www.mobilemuster.com.au)

### **CYCLONE TRACKING MAP & INFORMATION SHEET**

ABC Radio, the Bureau of Meteorology and Emergency Management Queensland have developed a Cyclone Tracking Map and an information sheet on what you do should do before, during and after a cyclone.

The electronic version of this is available on the website at the following link:-  
[http://www.emergency.qld.gov.au/emq/css/pdf/cyclone\\_tracking\\_map.pdf](http://www.emergency.qld.gov.au/emq/css/pdf/cyclone_tracking_map.pdf)

ABC Radio Longreach have provided a number of large (B2 size – approx. 50cm x 70cm) prints of this map & information sheet and these are now available for collection from the Shire Office for any interested members of the community. Numbers are limited and any stock of the maps will be kept until the end of April 2008 so if you want a copy please contact the Shire Office on (07) 4745 5100 and let us know.

## PUBLIC NOTICE

### **CYCLONE SEASON – “BE PREPARED”**

The following is provided on behalf of the Burke Shire Local Disaster Management Group for Burketown residents' information and action during the upcoming cyclone season:-

LISTEN TO YOUR RADIO (OR TV IF AVAILABLE) FOR CYCLONE UPDATES OR RING THE COUNCIL OFFICE ON 4745 5100. PLEASE NOTE THAT A WAILING SIREN BROADCAST ON YOUR RADIO OR TELEVISION MEANS THAT AN URGENT SAFETY MESSAGE IS ABOUT TO BE MADE

IN THE EVENT THAT IT IS DECIDED TO EVACUATE RESIDENTS TO CENTRALISED LOCATIONS THE FOLLOWING WILL APPLY:-

THE FIRE TRUCK WILL SOUND IT'S SIREN THROUGH THE STREETS TO INDICATE THAT IT IS RECOMMENDED THAT ALL RESIDENTS SHOULD MAKE THEIR WAY TO THE FOLLOWING CENTRAL AREAS (IF YOU NEED ASSISTANCE TO DO THIS PLEASE CONTACT THE COUNCIL OFFICE).

THESE LOCATIONS ARE THE COUNCIL BUILDING, SCHOOL TOILET BLOCK AND THE POLICE “LOCK UP” (IF YOU ARE ON MEDICATION PLEASE GO TO THE COUNCIL OFFICE AS THE HEALTH PERSONNEL AND AMBULANCE WILL BE BASED THERE). DOGS ARE ALLOWED AT THESE AREAS BUT THEY MUST BE ON A CHAIN.

EACH CENTRE WILL HAVE A SUPERVISOR - PLEASE REPORT TO THEM ON ARRIVAL.

PLEASE BRING AN EMERGENCY KIT – IT IS SUGGESTED THAT THIS CONSIST OF A CHANGE OF CLOTHES, SOME TUCKER (DON'T FORGET BABY FOOD, MILK & DISPOSABLE NAPPIES IF NEEDED), TORCH, BLANKET & ANY TABLETS OR MEDICINE YOU MAY NEED. BEFORE LEAVING YOUR HOUSE PLEASE TURN OFF POWER AND GAS.

EACH LOCATION WILL BE EQUIPPED WITH COMMUNICATION EQUIPMENT AND BASIC SUPPLIES, INCLUDING DRINKING WATER.

## **MACAIR PHOTO COMPETITION 2008**

### **ATTENTION ALL ASPIRING PHOTOGRAPHERS!!**

**This is a fabulous opportunity to have one of your photos printed on the front cover of Inflight Magazine!**

MacAir are searching for the most standout image taken at a MacAir destination. The image needs to be **digital**, available in **high res** and preferably in **portrait layout**. All finalists will feature in Inflight as well as on the MacAir Website and the winning image will be printed on the **front cover** of our Inflight Magazine.

You do not have to be a photographer to take a great photo so if you think you may have the winning image send it to [photocomp@macair.com.au](mailto:photocomp@macair.com.au) and ensure the email does not exceed **6MB** (the entry form can be found at [www.macair.com.au](http://www.macair.com.au) under competitions). The Competition closes **Friday 2<sup>nd</sup> May** so make sure you get your entries in as soon as possible!!

## **Burke Shire Home & Community Care Program** **(HACC) News**

Since our last newsletter we have been busy doing arts and crafts at the old church, which included decorating wine bottles and photo frames, also doing paintings and making jewellery. We have also fixed up the old Anzac wreaths for Anzac day. The clients have also made marshmallow bunnies and chocolates for Easter, which they enjoyed.

We have our Centrebased day care activities at the old church on Tuesday, Wednesday and Thursday mornings at 10.00am to 12.00pm.

If you would like to join our HACC program or know someone who would like to join please contact Amanda Douglas at the council office on 4745 5100 or 0427 490 220.

# Police Beat

I trust you all had a great Easter break and it was great too see a big turn out for this year's World Barramundi Championship. From what I understand the fishing was quite good. The good news this month is that there has been no major traffic incidents on our roads, which is fantastic considering the increase in traffic flow over the Easter Break. Both the Augustus Downs Road and Gregory Roads have improved markedly due to the council's recent grading which makes a huge difference to road safety.

With the week long school holidays approaching us, please keep in mind the 'Fatal Four Road Safety' initiative which are -

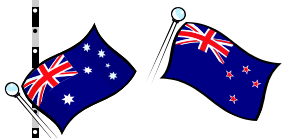

1. Drink Driving
2. Seatbelt's
3. Speeding
4. Fatigue

In relation to driver's licencing and registration I am endeavouring to be available each Monday and Tuesday between 9:00am to 12:00pm to assist you with your needs in these areas. Recently the state government has introduced an innovative campaign called, "One Punch Can Kill". The campaign targets younger generation by raising their awareness of the consequences of violent behaviour. The message is being disturbed via Internet and other media. It is important to us all that this message gets through, as the result of violent behaviour can be devastating to all family and friends. Further information can be gained through their website at [www.onepunchcankill.com.au](http://www.onepunchcankill.com.au)

Till next month, stay safe
