5. TOWN & RURAL SERVICES

Parks

Automated water system installed in the Morning Glory Park is now in control of works department supervisors. The installation company is providing support including an app to set timing and undertake testing. The same system is planned for other installation funded by Works for Queensland.

Watering regime change from 40mins/3days a week to 20mins/7days a week to reduce saturation and overflow into the roadway. All watering now programmed during night time hours to increase effectiveness.

Testing and adjusting of sprinklers need to be undertaken by operators regularly to identify issues and breakages.

Waste

Green Tec consulting has been engaged to assist Council with responding to a DES warning letter regarding waste management practices. An action plan is currently under development and due to be delivered in late January, early February 2019.

6. HOUSING/BUILDING MAINTENANCE

Council entered into an agreement with Jays Real Estate in Mt Isa to provide property management and rental agreement services to Council. However, Jays advised just before Christmas that they would not be able to provide this service.

7. BIOSECURITY

The drafting of Burke's biosecurity plan will recommence when resources allow.

Treatment Plant Operation Summary

GREGORY

- Currently working through opportunities to improve operations at GWTP. MBS Water Solutions have been on site to design improved chemical storage and processing.
- Still waiting on a few upgrades to take place in regards to dosing of chemicals on site.
- One major water leak in Gregory in January 2019.

BURKETOWN

- Plant operating well.
- Mark Samblebe from MBS water was onsite to design the chemical dosing for the plant. MBS is also superintending the filter replacement project which should be installed in February 2019 by QEE.
- The chlorin-situ (Chlorine Generator) has a faulty float tree that we are currently ordering from Prominent Fluid Control to replace. We are using the backup system at the moment.

Water Reticulation Summary

GREGORY

- Now that it is getting hotter we are expecting to use more water around town.
- We have 1 major water leak that has been repaired as of this time.
- Water temperature has been quite warm in the river and the reservoir and this is more or less passed on to the town reticulation, hence the warm temperature when showering at night.

BURKETOWN

- All water samples passed.
- Park sprinklers are all operating with a few sprinklers to be adjusted. Total Eden still has not completed the change for the Parks and Gardens.
- We have a few water leaks that have been repaired. All were on Sloman Street.
- Now that it is getting hotter we are expecting to use more water around town. The water temperature has been quite warm at the NRPS and WTP and this is more or less passed on to the town reticulation, hence the warm temperature when showering at night.
- I am currently monitoring the NRPS levels to see how much water is being used. Please note that the water level at the NRPS causeway is 350 mm below causeway, and the causeway only stopped running approximately 6 weeks ago.

1. FINANCIAL SUMMARY (SNAPSHOT)

This monthly report illustrates the financial performance and position of Burke Shire Council compared to its adopted budget.

	Year To Date Actual	Annual Budget (Target)	Actual: Budget Variance	Actual as a % of Annual Budget
Total Operating Income	5,483,785	12,248,000	- 6,764,215	 45%
Total Operating Expenditure	8,674,662	18,912,000	- 10,237,338	 46%
Profit/Loss	- 3,190,877	- 6,664,000	- 9,854,877	 48%
Capital Income	462,767	3,241,000	- 2,778,233	 14%
Capital Expenditure	1,316,479	4,287,000	- 2,970,521	 31%
Cash & Cash Equivalents	7,364,074	6,828,215	535,859	 108%
Other Current Assets	813,566	1,796,374	- 982,808	 45%
Liabilities (Current)	2,278,518	810,083	1,468,435	 281%
Liabilities (Non Current)	643,996	664,658	- 20,662	 97%
Current Assets to Liabilities Ratio	3	6		

Council reported an operating loss of \$3, 2 million at the end of the reporting period (31 December 2018).

Council's half yearly financial performance is in line with half yearly forecasts with a year to date operating deficit of \$3, 2 million or 48% of the annual forecasted operating loss of \$6, 6 million.

Overall year to date operating income is close to half yearly forecast sitting at 45% of total annual target/budget. Overall operating expenditure is within budget sitting at 46% of annual target.

Cash balances at the end of December sat at \$7,3 million dollars which is slightly above the annual forecasted cash balance of \$6.8million. This balance is set to decline as various projects, works and services are completed.

Current liabilities at the end of December were higher than annual forecast sitting at \$2million dollars, however this is a timing variance and not a permanent variance. Non current liabilities are on track with annual forecasts at \$634k or 97% of annual budget.

Overall cash and cash equivalents exceed current and non current liabilities reflecting sufficient capacity to offset short term obligations to employees and suppliers.

Overall capital income remained largely unchanged from the previous month (November) sitting at 7% of total revenue at the end of December.

Approximately \$2, 8 million in outstanding capital revenue is to be received prior to the end of the financial year. Capital grants will be remitted to Council in instalments as specific milestones are met and projects are closed out.

Half yearly results show operating grants as the largest income stream in line with budget forecasts. Operating grants sat at 58% of half yearly income, with the largest contributor to this income pool being flood damage related funds.

The 2015-16 flood submission has been fully closed out and council has subsequently received all outstanding flood damage funding relating to the 2015-16 financial year. A 30% advance payment of \$2, 5 million was received in December relating to the 2017-18 financial year flood events.

Rates and utility charges are on track with half yearly estimates. Second half rates and utility charges will be raised in February as scheduled; the second half levy will bring actual rates and utility charges in line with annual budget estimates

Materials and services costs constitute the largest portion of council expenditure at the end of December sitting at 40% of total operating expenditure.

Half yearly projections continue to reflect that employee benefits are slightly below estimate as the first half has seen more reliance on external staff. Payments for external staff would be allocated to the materials and services budget lines. Budget adjustments will be required to offset the unanticipated expenditure relating to backfilling roles through external staff. This is likely to be slightly offset by the lower internal staff costs.

2. SUSTAINABILITY OUTLOOK

Financial Sustainability Ratios and Measures of Sustainability	Status Achieved Not Achieved	YTD ACTUAL	ANNUAL BUDGET	TARGET
Operating Surplus Ratio (%)	✗	63%	-54%	Between 0% and 10% (over the long term)
Asset Sustainability Ratio (%)	✗	14%	130%	Greater than 90% (over the long term)
Current Ratio	✓	10	10	Greater than '1:1 (over the long term)
Net Financial Liabilities Ratio	✓	-134%	-58%	Less than 60% (over the long term)

Sustainability ratios are a reasonable measure of council's financial performance and financial position.

The current ration measures council's ability to offset short term obligations with current assets. The year to date current ratio indicates sufficient capacity to offset short term obligations at a ratio of 10:1 (current assets to current liabilities)

The net financial liabilities ratio measures council's ability to increase borrowings where necessary; council has no borrowings to date as reflected in the high year to date percentage at the end of December at 134% versus a benchmark target of greater than 60%

The operating surplus ratio measures council's ability to cover operational costs through operational revenues. Councils operating surplus ratio at the half year mark is outside the benchmark range of between 0%-10% indicating limited capacity to cover operational expenditures through operating revenue as reflected by the operating deficit of \$3,2 million at the end of December.

3. STATEMENT OF INCOME AND EXPENDITURE

Council's adjusted financial position improved slightly from the previous month in line with cash receipts (mainly relating to flood damage payments) from a balance of \$6, 6 million to \$7,3 million.

It should be noted that the slight increase in cash balances is only a timing variance rather than a permanent increase as cash balances are forecast to decline as outflows exceed inflows; the annual forecast reflects a decline in cash balances at the end of the financial year to a balance of ~\$6,8 million.

Q4 report Apr-Jun	19 Jul 2018 1907xx.xx	To be presented July 2020

3. PROPOSAL

Report: It is proposed that Council receives and publishes the report of progress towards implementing the 2018-19 annual operational plan, for the three month period 01 October to 31 December 2018, as attached.

Amendments: It is proposed that Council amends the annual operational plan as per the attachment and as documented below:

Item	Change	Rationale
Various	Timing changes	Items not completed in Q2 due to excessive staff turnover in executive and key positions during the quarter.

4. FINANCIAL & RESOURCE IMPLICATIONS

The annual operational plan is aligned to the annual budget in accordance with the principles of integrated planning, and the provisions of s104 of the *Local Government Act 2009* Financial Management Systems.

5. POLICY & LEGAL IMPLICATIONS

Instrument	Reference	Details
<i>Local Government Act 2009</i>	S104 Financial management systems	<p>(5) (a) (v) The system of financial management established by a local government must include an annual operational plan</p> <p>(5) (b) (vi) financial accountability documents must include a report on the results of an annual review of the implementation of the annual operational plan</p> <p>(7) A local government must carry out a review of the implementation of the annual operational plan annually</p>
Local Government Regulation 2012	Division 4 Annual operational plan	<p>S 174 Preparation and adoption of the annual operational plan</p> <p>(1) A local government must prepare and adopt an annual operational plan for each financial year.</p> <p>(2) The local government may, but need not, adopt the annual operation plan for a financial year at the same time the local government adopts its budget for the financial year.</p> <p>(3) The chief executive officer must present a written assessment of the local government's progress towards implementing the annual operational plan at meetings of the local government held at regular intervals of not more than 3 months.</p> <p>(4) A local government may, by resolution, amend its annual operational plan at any time before the end of the financial year.</p> <p>(5) A local government must discharge its responsibilities in a way that is consistent with its annual operational plan.</p> <p>S 175 Annual operational plan contents</p>
Corporate Plan	2014-2019	

6. CRITICAL DATES & IMPLICATIONS

The chief executive officer must present a written assessment of the local government's progress towards implementing the annual operational plan at meetings of the local government held at regular intervals of not more than 3 months.

7. CONSULTATION

Executive management team; elected members via CEO reports

8. CONCLUSION

A number of non-critical items have been deferred due to excessive turnover of key personnel in the quarter Oct-Dec 2018. With a full executive team at the beginning of January 2019, a plan will be made to deliver these items. Despite the challenges of high turnover the organisation has been generally able to respond with agility and deliver core priorities.

9. OFFICER'S RECOMMENDATION

1. That Council notes the content of this report and its attachments; and
2. That Council adopts the chief executive officer's written assessment of the local government's progress towards implementing the 2018-19 annual operational plan, for the three month period 01 October to 31 December 2018, in accordance with section 174 (3) of the Local Government Regulation 2012; and
3. That Council amends its annual operational plan 2018-19, in accordance with s174 (4) of the Local Government Regulation 2012, as per the attachment and recommendation provided with the following changes:

1. PURPOSE

The purpose of this report is to seek Council's endorsement of the Burke Shire Council Model Meeting Procedure, a draft of which was presented to Council at the 13 December 2018 Council Meeting for initial consideration.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

The Local Government (Councillor Complaints) and Other Legislation Amendment Act 2018 was passed on 21 May 2018. The passing of this Act imposes a mandatory Code of Conduct for Councillors.

On 7 September 2018, a draft Code of Conduct, which sets out the principles and standards of behaviour expected of Councillors and Mayors was released to Local Governments by the Department of Local Government, Racing and Multicultural Affairs for consultation. Following this period of consultation, a finalised Code of Conduct commenced on 3 December 2018.

In November 2018, the Department of Local Government, Racing and Multicultural Affairs released a series of documents to support Council's with regard to the new legislation. This included *Model Meeting Procedures* and *Standing Orders for Council Meetings including Standing Committees 'Best Practice Guide'*. These documents, and the accompanying letter from the Director-General of the Department of Local Government, Racing and Multicultural Affairs, are attached to this report for reference.

All Queensland Councils must either adopt the Department of Local Government, Racing and Multicultural Affairs *Model Meeting Procedures* or prepare and adopt their own procedures that are consistent with the Model Meeting Procedures. Similarly, if a Local Government chooses to continue using their existing standing orders, the Council must review the existing standing orders to ensure that they are consistent with the requirements of the Model Meeting Procedures. To assist Local Governments, the Department has also provided best practice standing orders that Councils can choose to adopt.

At the 13 December 2019 Council Meeting, a draft Burke Shire Council Model Meeting Procedure was presented for consideration. The final Burke Shire Council Model Meeting Procedure is presented at this time for adoption.

If Council does not adopt the Burke Shire Council Model Meeting Procedure, then as per the legislation, Council will be taken to have adopted the Department of Local Government, Racing and Multicultural Affairs Model Meeting Procedures.

3. PROPOSAL

That Council adopt the Burke Shire Council Model Meeting Procedure.

4. FINANCIAL & RESOURCE IMPLICATIONS
