10. Engineering Services Reports

10.01 Engineering Monthly Report

DEPARTMENT:	Engineering
RESPONSIBLE OFFICER:	Chris Wilson; Director of Engineering/Deputy CEO
PREPARED BY:	Chris Wilson; Director of Engineering/Deputy CEO
DATE REPORT PREPARED:	01 November 2023
LINK TO COUNCIL PLAN/S:	Corporate Plan 2019-24

1. PURPOSE

This report is provided for information and outlines the works carried out by the Engineering Department for the month of October 2023.

2. SUMMARY

The key items for noting are provided below with associated background detail.

2.1 **General Business (including Parks, Gardens and Cemetery)**

- The new Works Manager commenced work with the council in October.
- The Parks & Gardens crew continued to work on the upgrading of the landscaping and irrigation around the Nijinda Durlga Hall and open park area. Further investigation and repair work has been completed. This means the irrigation system will provide a more effective watering regime.
- The contractor has completed the groundwater site investigations as part of the Regional Water Strategy. This project is being done in conjunction with Doomadgee Aboriginal Shire Council. It is planned to provide a Waste Strategy presentation to Councillors in January.

2.2 **Roads**

- Restoration/safety works have continued on Doomadgee East Rd, on flood damaged scour areas at the airport and on the raw water line to Burketown. These works are being undertaken within the QRA restoration program due to the safety implications of each of these areas. It is proposed that works will now commence on Floraville Rd in the week commencing 27th November, so that the work on Gregory-Camooweal Rd can be completed rather than travelling between the two roads. The Floraville Rd work will continue for approximately 4 weeks at least, interspersed with other small projects as required.
- Flood Damage Assessments on the unsealed network have been completed and have been submitted to QRA. Assessment of the sealed road network is ongoing and should be completed by the end of October for submission to QRA.
- Two of the DRFA Contracts (Bowthorn Rd and Doomadgee West Rd) commenced in early August and have been progressing well. The works on Doomadgee West Rd were completed by the end of October. Works on Bowthorn Road will continue until the contractor is forced to stop due to unfavourable weather and ground conditions. The third DRFA contract for restoration works on the Gregory-Lawnhill Road has commenced, however the contractor

has been making steady progress, however their progress will continue to be monitored to achieve the maximum amount of work is completed before the wet season.

- Council has been successful in being awarded DRFA works on a number of DTMR roads. Work commenced on the Gregory-Camooweal Rd on 23rd October 2023. It is planned to have this project completed by 17th December, weather permitting. Additional works under the contract arrangement will be programmed following the wet season.
- Footpath reinstatement works have commenced within Burketown with the main focus being on pedestrian safety and all-abilities access. These works were programmed to be completed by the end of October; however, the contractor has not completed the work to date.
- The repainting of all stop, give way, and street centrelines within Burketown has been scheduled for mid-November. The contractor will also paint new stop/hold bars at any missing stop or give-way signs. It is also planned to install painted parking bays outside the Gregory pub.
- Arrangements were made to hire the new street sweeper from Doomadgee Aboriginal Shire Council in October to clean the kerb and channel within the urban area which will improve drainage flow during a rain event. The operators from Doomadgee were able to use this experience as further training on the new equipment. The support from Doomadgee has been greatly appreciated. The main issue is that after the flood event, the kerb and channels have an excessive amount of mud, stones, and sticks which overwhelmed the machines brushes and vacuum system. It is proposed to have a regular cleaning programme which means there would not be the opportunity for such a large build-up of debris.

Figure 1 - Street sweeper in action

2.3 Water & Sewerage

- SCADA upgrade project being managed by GHD continues. The design has been completed for the Gregory Intake well, Nicholson River Pump Station, and Gregory Water Treatment Plant (GWTP). The design and pricing for the settling lagoons has been received and as the costs are in excess of currently available funds, alternative treatments options are being considered. GHD are undertaking the feasibility of using a series of large water tanks in place of the lagoons. A full summary of this and associated projects are included in the Capital Works report.

Burketown Water

- Requests for tender (RFT) for the de-silting of the settlement lagoons in Burketown has been advertised. This project has been undertaken in collaboration with QWRAP for a coordinated approach with a joint tender developed. Responses to the RFT have identified a number of matters that require further information. As such the RFT has been withdrawn to enable additional critical information to be attained. This will result in a delay with retendering, with the associated works not likely to be undertaken until the dry season in 2024.
- Tenders for the Smart Water Meter project have closed and were considered by Council at the October Council meeting.
- Continuing to investigate the recent reports of a build-up in calcium in the water supply.

Sewerage Treatment Plant

- As a result of the high pH levels in the treated discharge water, a program of dosing of the lagoons with algaecide was programmed to commence in October, however due to staffing issues, this work will commence once staff are available.

Gregory Water

- As reported last month, Gregory Number 1 Potable water Reservoir has been fully relined. This work was undertaken to coincide with the Treatment plant upgrade at Gregory and the enhancement of the Scada system. At the time of the works on No 1 Reservoir, an inspection of the second reservoir was undertaken. The resultant report identified the need to replace the liner in that reservoir. This work will be programmed on completion of the Treatment plant upgrade.

2.4 Airports

- Burketown perimeter fence has experienced significant damage on the eastern side as a result of a deep scour developed during the flooding event earlier this year. The scour requires extensive fill to be placed and compacted. Material has started to be stockpiled on the outside of the airport fencing in preparation for the reinstatement works. This work is now programmed for completion in tandem with the Floraville Rd works in late-November/early December 2023.
- The annual Aerodrome Technical Inspection for Burketown and Gregory airports has been undertaken and work on the recommended actions has commenced. One of the highest priorities is the removal of vegetation at the southern end of the Burketown runway between the fence and the river. This work was completed by the tree-logging contractors at the end of October. Removal of vegetation within the Gregory airport boundary is being scheduled as resources allow.
- Arrangements have been made to have the line marking on the Gregory runway repainted with the works now scheduled to be completed in mid-November.

2.5 Waste

- A briefing of Council was undertaken at the Council workshop in September with emphasis on the potential future sites for landfill within the Shire area and for a Transfer Station at Burketown. It is proposed that a report will be presented to Council in December 2023 with recommendations regarding the future opportunities for landfill and transfer station/s.

3. OFFICER'S RECOMMENDATION

10.02 Capital Works Projects Status Update Report

DEPARTMENT:	Engineering and Infrastructure Services
RESPONSIBLE OFFICER:	Chris Wilson; Director of Engineering/Deputy CEO
DATE REPORT PREPARED:	1 November 2023
LINK TO COUNCIL PLAN/S:	Corporate Plan Operational Plan Budget

1. PURPOSE

This report seeks to inform Council of the progress of the Shire's 2023/24 Capital Works Program, from 1 to 31 October 2023.

2. SUMMARY

The approved funding for Capital Works program budget for 2023/24 is: **\$23,578,122.35.**

From the above amount, the following amount is related to the budget of carry over projects; **\$21,856,173.35.**

Below please find the summary of the Project and Financial progresses:

- Average Capital Works Program Progress:
 - Carry over projects: **63%**
 - 23-24 Projects: 18%
- Average Capital Works Financial Progress
 - Carry over projects: **62%**
 - 23-24 Projects: 24%

Attached please find a list of Capital Works Projects including details such as the description and status of each project. The projects completed in 22-23 FY have been excluded the list. This impacted the Average Capital Works Financial Progress and dropped it from 67% to 62%, although there has been approx. \$1.6m expenditure/progress in October.

The program is expected to be completed within the budget and according to the funding deadlines.

3. CASHFLOW

Below please find the Cashflow Forecast baseline (the blue line) and the actuals (the brown line) for this financial year. The actuals indicated approx. \$83k underspent compared to the forecast for Oct, which deemed not large enough to endanger achievement of the target expenditure of this financial year.

It should be noted that the forecast figures dropped from the previous report due to the exclusion of the projects completed in 22-23 FY.

Financial Services and Information Technology**Major focus in October 2023 for Financial Services was as follows:**

- 2022/2023 external audit currently still in progress – extended until the 20th of November at this stage;
- Ministerial exemption received for external audit signing date moved from 31 October 2023 to 30 November 2023;
- R2R 2022/2023 Annual report is currently being reviewed by external audit;
- Sept QTR BAS 2023 lodged with ATO;
- Consolidated Data lodgement has been approved for extension to the 10th December due to delays with external audit;
- Internal audit scope 1 has been drafted and will entail a full internal review of cyber risk and associated ICT documentation in the wake of the new system implementation;
- Council management has commenced preparing the 2022/2023 Annual Report which will be tabled with council in late November; and
- Insurance claim reimbursement of \$250,000 have been received from LGM for the repair of House 15 and multiple other flood affected assets from March 2023.

Major focus in October 2023 for Technology Services was as follows:

- MS365 azure migration completed – this was a very large system change to O365 and Azure; all of council's server systems are now cloud hosted and fully redundant to mitigate any impact from natural disaster or the likes;
- Network Penetration testing is planned to commence in late November 2023 at this stage.;
- Burke and Telstra are currently in progress for preparing a grant submission for the TDRI grant funding program for Network and telephony resiliency – this will include the following elements:
 - Starlink installation with Starlink Business to the Admin office with a view to use this to provide public wifi
 - MS Teams Deployment Costs, including onsite to Burketown
 - Estimated project cost of \$105k – seeking exception from dept for 100% external funding with no cost impost to council
 - Estimated monthly billing saving of \$852 or \$10.2k per year
- All the server infrastructure across the Durlga, Admin Building and Depot in Burketown have been re-cabled and rebuilt and upgraded where possible;
- As part of the above project all of councils networking and systems have been mapped and photographed for future reference and documentation purposes;
- A network wireless cloud key was also installed as with the above across all remote and on-site sites to have seamless wireless access for all users between buildings and localities;
- A 100mbit link has been confirmed for the Burke Admin office and will be installed for early November (set to visit for the 7/11/2023 at this stage), 9 months ago this was only a 10mb link to provide a comparison of progress;

- Council management is working with Peak and Telstra to prepare a 4G upgrade project for submission for Growing Regions funding – the expected cost is approx. \$1.8mil and we are currently seeking \$100k in grant funding for technical design works for Telstra to carry out;
- A project is currently underway to implement a full roads management suite of software via reflect and Arc GIS currently with the costing of mobile Starlink and new ipads being scoped for outdoor crew vehicles; more information around this project will be available in the coming month; and
- Engineering and IT staff are investigating the implementation of Telstra Track over the new white fleet received in the past months.

PREPARED BY:	Shaun Jorgensen; Finance and Technology Manager
DATE REPORT PREPARED:	7 November 2023
LINK TO COUNCIL PLAN/S:	Operational Plan 2023-24 Council Budget 2023-24

1. PURPOSE

This report has been constructed to provide a snapshot of the progress of council's operations (financial) against budget targets at 30 June 2024 as adopted by the council budget. The below report will focus on providing information to key decision makers in regards to key metrics, trends and actuals for the month ended October 2023.

2. SUMMARY

As a review of council's performance over the month of October 2023; Council notes that cash was up by \$645k for the month of October 2023. Year to date, council operations are on track with the original council budget.

The following report will cover off on the following key areas (in order) of the list

- i. Overall Operating Summary (Actual v Budget)
- ii. Statement of Cash Flows
- iii. Statement of Income and Expenditure
- iv. Organisational Services Performance
- v. Statement of Financial Position
- vi. Rating Arrears Summary
- vii. Exercise of Delegations
- viii. Officer's Recommendations

3. OVERALL OPERATING SUMMARY (Actual v Budget)

The below summary shows a brief snapshot of how council is tracking in the current year against the budget for the year as adopted by council for the 30 June 2024.

Overall Financial Performance	Note Ref	Year To Date Actual	Annual Budget (Target)	YTD Progress %

¹ Operating Surplus Ratio (%)	Between 0% and 10%	-136%	-53%
² Working Capital Ratio	Greater than 1:1	1.4	1.8
³ Net Financial Liabilities Ratio	Less than 60%	-197%	-309%

Notes:¹

(1) Operating Revenues - Minimal movement noted month on month. Increases to cashflow is a result of amounts receipted but unable to be recognised under AASB15 and 1058 until works are completed/reconciled.

(2) Operating Expenses - Noted that costs appear to be consistent with budgeted expectations for the month. In relation to employee benefits costs against the budget, we have currently expended \$1.660mil against a budget of \$6.379mil for the year; this is an actual spend of 26.02% year to date.

(3) Capital Revenue - Minimal movement noted month on month. Increases to cashflow is a result of amounts receipted but unable to be recognised under AASB15 and 1058 until works are completed/reconciled.

(4,5,6,7,8) - Accounts relate to balance sheet movements, all of which will move in correlation to Council operating movements; as such no items by exception to report at this stage.

¹ Definitions

1 The working capital ratio: measures council's ability to offset short term obligations with current assets.

2 The net financial liabilities ratio: measures council's ability to increase borrowings where necessary.

3 The operating surplus ratio: measures council's ability to cover operational costs through operational revenues.

Restricted Cash - Non-DRFA Operating Grants	178,687	1%
Restricted Cash - Capital Grants	2,998,043	16%
Unrestricted Cash	3,670,885	19%

Notes to the Statement of Cashflows:

- (1) **Receipts from customers** - Noted movement month on month due to decrease in rates receivable balances. We expect this balance to continue to improve from month to month. Also noted that GST receivables as at 31 October 2023 were \$1.095mil as a result of large contractor payments made during the past months with this movement offsetting the cashflow balance. A BAS return for Sept 2023 was lodged with \$443k being returned to council from the ATO as a result for GST receivable balances.
- (2) **Payments to suppliers and employees** - On track with budget; please note that this amount includes accruals amounts to be recognised to 30 June 2023; as a result some amounts in the cashflow will carry through to 30 June 2024 as a distortion due to timing. This was a similar outcome in the prior year/s as well. This amount also shows that council is performing on track with budget and delivery of planned works.
- (3) **Rental Income** - Rental income is on track with budget.
- (4) **Interest Received** - Interest has increased significantly comparably year on year due to the significant change in the RBA cash rate having an impact on the effective interest rate provided by the QTC (4.48%). This is down from 4.81% in September 2023. At this stage interest is unpredictable and we anticipate to exceed our expectations in the annual budget pending further review for the quarter 1 budget review.
- (5) **Operating Grants and Contributions** - Noted a large amount of funding from the DRFA was receipted during the month for DRFA funding flood damage works and CDO accommodation claims. The amounts are currently noted as unearned and are expected to be recognised to the P&L throughout the year as funds are expended.
- (6) **Payments for Property, Plant and Equipment** - The current spent indicate total capital works progress year to year for the end of October 2023. Noted that the spend to date is showing significant improvement year on year and represents Engineering pursuing the budgeted target as set by council for capital works.
- (7) **Capital Grants and Subsidies** - Minimal movement month on month.
- (8) **Net Cash Movement** - Council's cash holdings were up by \$645k by the end of October 2023. Movements as such are expected month on month as a large portion of cash held is constrained and locked to project funding and council is currently working towards meeting quite a large budgeted capital works program for 2023/2024 (approx. 19% of cash holdings is restricted currently).

5. STATEMENT OF INCOME AND EXPENDITURE

The below statement shows a comparison between the income and expense statement of October 2022 in the previous year v October 2023 actuals v the budgeted income and expenditure for 30 June 2024.

NET RESULT	-	2,830,915	3,742,369	14,435,165	-26%

Notes to the Statement of Income and Expenditure:

- (1) **Fees & Charges** - This amount is on track with budget.
- (2) **Rental Income** - Rental income is on track against budget.
- (3) **Interest** - Interest has increased significantly comparably year on year due to the significant change in the RBA cash rate having an impact on the effective interest rate provided by the QTC (4.48%). This is down from 4.81% in September 2023. At this stage interest is unpredictable and we anticipate to exceed our expectations in the annual budget pending further review for the quarter 1 budget review.
- (4) **Recoverable Works Revenue** - The balance is currently negative due to billing amounts for private works being accrued back to 2022/2023 with the reversal of this being processed in 2023/2024 pending the issuance to bills to external parties. There are currently \$174k in completed RMPC works pending billing.
- (5) **Other Income** - Minimal movement noted for October 2023; we expect this to increase during the year pending the finalisation of post-flood insurance claims with LGM for the March 2023 flood event. Initially 250k was received in early November 2023 pending processing.
- (6) **Subsidies and Grants (operating)** - Noted a large amount of funding from the DRFA was receipted during the month for DRFA funding flood damage works and CDO accommodation claims. The amounts are currently noted as unearned and are expected to be recognised to the P&L throughout the year as funds are expended.
- (7) **Subsidies and Grants (capital)** - Minimal movement month on month.
- (8) **Employee benefits** - Employee benefits costs against the budget, we have currently expended \$1.660mil against a budget of \$6.379mil for the year; this is an actual spend of 26.02% year to date.

- (9) **Materials and services** - Refer to the cost disaggregation in the operating statement. Currently on track with budget overall.
- (10) **Finance costs** - Are scalable higher because bank interest significantly increased above expectation. The total increase in cost is immaterial when compared to the scalable increase in interest revenue received for the year.
- (11) **Depreciation and amortisation** - Is inline with the expected depreciation spend by 31 October 2023.
- (12) **Donations Revenue** - No donations have been recorded for 31 October 2023 at this stage.
- (13) **Sale of non-current assets** - Nil movements noted at this stage for 31 October 2023.

6. BURKE SHIRE COUNCIL FINANCIAL PERFORMANCE
