10.01 Engineering Department Monthly Report

DEPARTMENT:	Engineering
RESPONSIBLE OFFICER:	Chris Wilson – Director of Engineering
PREPARED BY:	Chris Wilson – Director of Engineering
DATE REPORT PREPARED:	15 April 2024
LINK TO COUNCIL PLAN/S:	Corporate Plan 2019-24

1. PURPOSE

This report is provided for information and outlines the works carried out by the Engineering Department for the month of March 2024.

2. SUMMARY

The key items for noting are provided below with associated background detail.

The ongoing flooding events during March curtailed what work could be undertaken. The depot crews were kept busy with flood preparation work, after-flood emergent work, more preparation work for the following cyclone and flooding, training or local maintenance work.

I would like to express my appreciation to all of our small Depot team that kept services going during the month.

2.1 General Business (including Parks, Gardens and Cemetery)

Burketown:

- Training with Martyr training (chainsaw, cherry picker, Gregory staff also did forklift training)
- Cleaning units for new tenants to move in.
- Keeping on top of the mowing and general maintenance in parks and gardens.
- Weeding and mowing the footy field.
- Delivering and maintaining portable public toilets.
- Assisting with maintenance works at the airport.
- Assisting with resupply.
- Weekly rubbish collection was maintained without any issues.

Gregory:

- Maintenance of parks and gardens.
- Mowing and brush cutting at airport.
- Daily road inspection and reports.
- Water treatment depot maintenance.

- Assisting with work on the depot accommodation.
- Keeping township clean and tidy.

2.2 Roads

Council:

- Plant machine training.
- Maintaining and work around depot.
- Daily road inspections.
- Repair Airport Rd and holding works.
- Emergent Works; Truganini Rd, Doomadgee East Rd, Wills Development Rd.
- Assist with repairs of airport runway.
- Assisting with resupply.
- Cleaned SES shed after storm.

RMPC:

- Repair signage
- Daily road inspections
- Emergent Works; Jacks Gully, Doomadgee East Rd, Floodway silt removal.
- Slashing; Wills Development Rd.
- Plant machine training

2.3 Water & Sewerage

- Assist with repairs of airport runway.
- Slashing and grounds maintenance at the airport .
- Replace the Blevins transfer pump at the STP.
- Remove meter and associated infrastructure feeding the football fields due to pipe failure.
- Attend to several minor leaks in town.
- increased testing of river and treated water due to the constantly changing conditions.
- Grounds maintenance at the WTP.
- Robert completed a further two weeks of TAFE training.
- Beau conducted training for excavator and EWP operation.
- Staff were unable to attend Gregory due to road conditions but provided support via SCADA and phone.

2.4 Airports

- Multiple critical runway repairs were completed.
- Issues with the generator were identified and remedial actions put in place.
- A program for the remediation of the deep scoured area at the Burketown airport caused by the 2023 major floods was planned to commence in December, however due to flooding, this has now been put on hold until May.

2.5 Waste Management

- The weekly waste collection continues as normal.
- Due to the flooding, waste was stored in the waste collection vehicle at the cemetery carpark until the vehicle was able to access the landfill.

2.6 Workshop and Fleet

- 523 140M grader - Uni-joint/ yoke replacement – parts ordered and to be completed upon arrival of parts.
- 588 10 Tonne truck – 2 new steer tyres fitted.
- 551 Prime mover – Faulty idler pulley and auto tensioner replacement.
- 528 Gregory Depot Genset – service.
- 608 Gregory WTP Genset – service.
- 566 single cab Landcruiser – Front Differential centre replacement, Front wheel bearing replacement, front shock absorber replacement, front swivel hub full rebuild, rear differential pinion seal replacement, UHF handpiece replacement.
- Flood Prep – Gensets refuel, Pontoon raised/ lowered.
- New Fleet prep – Stickers and towbar fitment.
- 543 – Genset rebuild.
- 598 extra cab Hilux – 4WD actuator repair.
- 529 John Deere ride on – Spindle replacement on mower deck.
- 614 zero turn mower BUC – Radiator, thermostat, and dash panel replacement.
- Auction preparation.
- 585 Road crew job truck – ECM relay and fuse replacement.
- 532 Cleaners car – computer fault – ongoing diagnosis and are currently in contact with dealership chasing a solution.
- SES boat BUC – Propeller Replacement.
- SES – Rewired radio.

3. OFFICER’S RECOMMENDATION

That Council receive and note the Engineering Department monthly report for March 2024.

10.02 Capital Works Projects Status Update Report

DEPARTMENT:	Engineering and Infrastructure Services
RESPONSIBLE OFFICER:	Chris Wilson
DATE REPORT PREPARED:	15 April 2024
LINK TO COUNCIL PLAN/S:	Corporate Plan Operational Plan Budget

1. PURPOSE

This report seeks to inform Council of the progress of the Shire's 2023/24 Capital Works Program, from 1 to 31 March 2024.

2. SUMMARY

The total funding for Capital Works program including the WIP for the carryover projects and 23-24 FY budget is: **\$18,070,513.27**.

Below please find the summary of the Project and Financial progresses:

- Average Capital Works Program Progress: **76%**
- Average Capital Works Financial Progress: **79%**

The above percentages didn't include the progress of the Deferred Projects.

Attached please find a list of Capital Works Projects including details such as the description and status of each project.

3. CASHFLOW

Below please find the Cashflow Forecast baseline (the blue line), the actuals (the black line), and the revised forecasts (the brown line) for this financial year.

The actuals are short by approximately \$3m which is consistent with the revised forecast provided last month. The revised forecast indicated that the gap between the baseline and the forecast will remain consistent in the next couple of months till the end of the financial year. The main reasons for the big gap between the cashflow baseline and the revised forecasts are related to shifting some of the expenditure forecasts of the following major projects to 24-25 FY.

- SCADA and Gregory Water Treatment Plant Upgrade
- Burketown Wharf Recreational Ground Project
- Burketown Health and Wellbeing Precinct
- Fleet Renewal 2023-24

4. CAPITAL WORKS PROGRAM HIGHLIGHTS

Gregory Water Treatment Plant (WTP) Upgrade & SCADA Upgrade project

- Main outstanding items include installation of the new Gregory River Pump, and Gregory WTP clarifier and media filter replacement.
- Quote has been requested for Gregory River Pump.
- Council is reviewing the option of purchasing a clarifier (just the structure) from Richmond (as per picture 1) and assembling the electrical and mechanical equipment aiming to provide costs saving.
- \$260,000 is being requested from the funding body (BoR) to be transferred from the savings of Smart Water Meter.
- **Risk:** In absence of a quote for the Gregory WTP clarifier, the financial status of the project to be monitored to ensure the project can be delivered within the budget.

Figure 1: Lamella clarifier located at Richmond

Burketown Wharf Recreational Grounds

- The contractor provided alternative for the shade structure and toilet blocks
- The specifications for fill and stormwater management are being finalised.
- Funding applications have been submitted for the footpath and toilet block, awaiting the result.
- **Risk:** Additional funding may be required depending on the final scope and specifications.

Figure 2: The elevation of an alternative to the designed shade structure

Health & Wellbeing Precinct

- All disciplines progressing to 90% drawings for Admin building, Pool Pump Room, Swimming Pool and site coordination.
- The Splash Park RFT evaluation completed and the report has been submitted to Council for approval.
- Funding application for the final stage of GRP was submitted, awaiting approval.

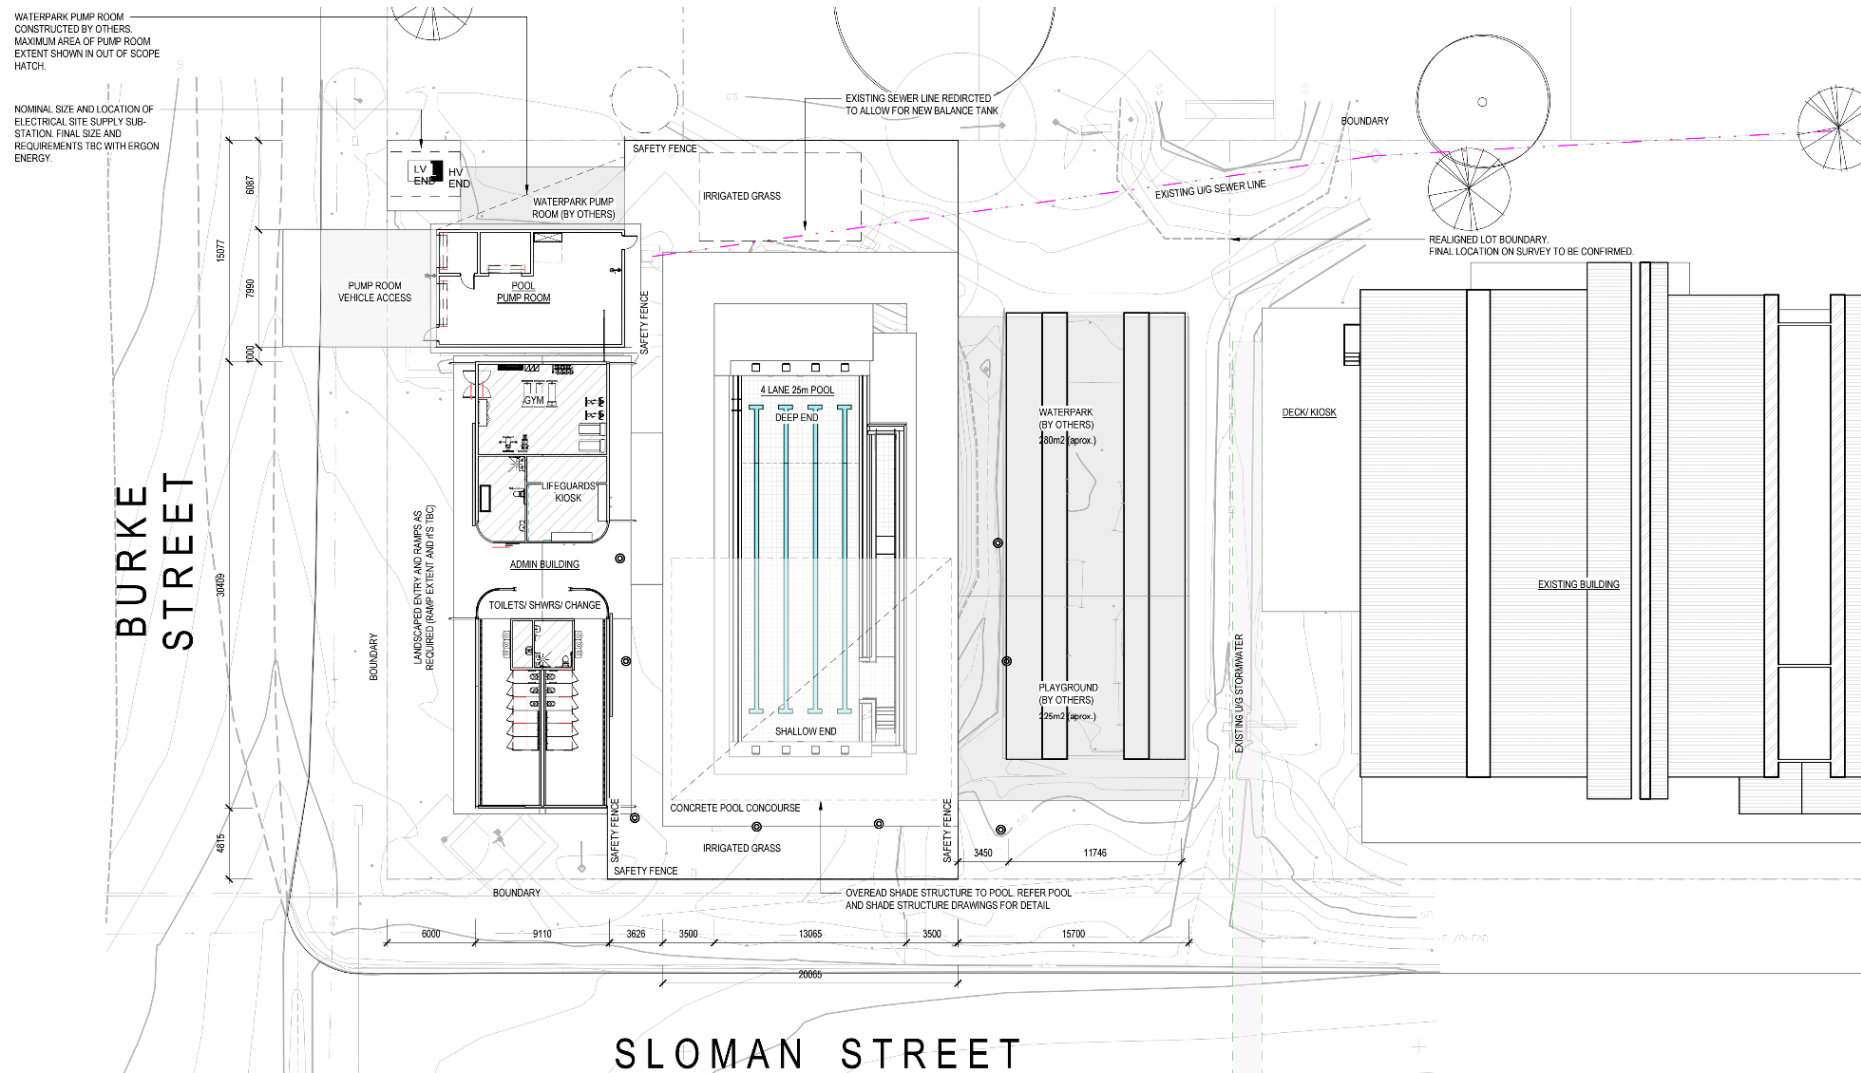

Figure 3: Burketown Health and Wellbeing Site Plan

Burketown Revitalisation Project

- Council has reviewed the Preliminary design of Beams St and Shared Path Upgrade and provided the feedback.
- The Consultant will finalise the street lighting design and detailed design accordingly.

10.03 DRFA Works Project Status Report

DEPARTMENT:	Engineering and Infrastructure Services
RESPONSIBLE OFFICER:	Chris Wilson, Director of Engineering
DATE REPORT PREPARED:	15 April 2024
LINK TO COUNCIL PLAN/S:	Corporate Plan Operational Plan Budget

1. PURPOSE

This Disaster Recovery Funding Arrangements (**DRFA**) report is provided for information and outlines progress to date on the restoration program for Tropical Cyclone Jasper 2023/24; Northern Queensland Monsoon and Flooding 20 December 2022 - April 2023; the Northern and Western Queensland Rainfall and Flooding Event 2022; and the January 2021 Tropical Low event.

2. BACKGROUND

2023/24 Season - REPA Works

Tropical Cyclone Jasper commenced on the 13th of December 2023 and the subsequent flooding that occurred in its aftermath has been the most significant event for this region in many years. The heavy rain during tropical cyclones Kirrily, Esther and Megan and subsequent flooding further damaged public infrastructure.

2022/2023 Season - REPA Works

Burke Shire's funding for the Northern Queensland Monsoon and Flooding, 20 December 2022 - April 2023 event's final approved value to date is \$178,590,740.30 with total payments received to date of \$44,571,540.46. The first set of the contracts (packages 1 to 3) works have been completed. Packages 4 to 7 will be awarded once the tenders have been assessed and the appointment of contractors approved. Another five submissions are in development.

Four percent (4%) of the 2023 REPA works were complete before Cyclone Jasper put an early stop to all remaining works.

DRFA 2022 and 2023 Update:

Please find below the summary of each package of DRFA works, along with progress updates.

5601-3000-0001-2022-2023 DRFA Restoration Package 1 – Gregory Lawn Hill Road

- Works completed 20/12/2023 with exception of cattle grid and culvert silt removal which will be completed in January subject to weather.

10.04 Revision of Procurement Policy (Statutory)

DEPARTMENT:	Engineering
RESPONSIBLE OFFICER:	Chris Wilson; Director of Engineering/Deputy CEO
PREPARED BY:	Wendy van der Wolf; Contracts and Procurement Coordinator
DATE REPORT PREPARED:	19 April 2024
LINK TO COUNCIL PLAN/S:	Goal - Good Governance 1. Council develops implements and maintains an effective and compliant governance framework (governance, finance, risk).

1. PURPOSE

To present an update of Council's Procurement Policy for consideration and endorsement by Councillors.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

In accordance with the Local Government Regulations 2012 section 198, Council is required to prepare and adopt a policy about procurement (a Procurement Policy) and review this Procurement Policy annually.

The attached revised Procurement Policy was tabled with Council for workshopping in October 2023 with the policy also being reviewed and endorsed by the Burke Shire Council Audit Committee on the 27th of November 2023.

3. PROPOSAL

The current Procurement Policy has been reviewed by the Executive Management Team and the Contracts and Procurement Coordinator and the Burke Shire Council Audit Committee. This Policy was workshopped with Councillors in October 2023.

Key proposed changes are as follows

- Section 5 C) Table 1 - Delegated Financial Authorities
 - Classification changes to align with Financial Delegations Register
- Section 5.3 – Contract and Project Delivery
 - Changes to subsection (a): the previous wording allowed for officers to approve transactions up to the total project budget. The revised wording limits Council Officers to approve transactions up to the limit of their approved financial delegation as issued by the CEO.
- Section 6, Table 2 Purchasing Thresholds and Requirements
 - New Requisition value range added – '\$1,100 to less than \$5,500' with 1 required quotation to reflect the rise in costs goods and services.

- Section 6.3 – Exceptions to Quotations and tender Requirements
 - Pre-qualified Supplier List; New Suppliers can be added at any time within the validity period of the Register of Pre-qualified Suppliers (RoPS). All suppliers on the RoPS at the time of renewal will be invited at the same time regardless of when it was appointed to the RoPS.

4. FINANCIAL & RESOURCE IMPLICATIONS

There are no financial or resource implications associated with this report. Ongoing improvements to the Procurement Policy will enhance procurement accountability.

Compliance	The endorsement of the policy clarifies the procurement processes to be followed, reducing the risk of compliance. It should also increase staff awareness and understanding with regards to procurement practices.	Decreased likelihood of inconsistency in Council procurement practice.
------------	---	--

5. POLICY & LEGAL IMPLICATIONS

Local Government Regulations 2012	Section 104 Sound Contracting principles Section 198-Adoption of Procurement Policy Section 223-238-The default contracting procedures.
-----------------------------------	---

6. CRITICAL DATES & IMPLICATIONS

The next scheduled review of this policy will be April 2025. This policy must be reviewed annually.

7. CONSULTATION

In preparing the content of this Report, consultation has been undertaken in regard to the Policy with Council's CEO, Management Team, in particular the Contract and Procurement Coordinator and the Finance and Technology Manager.

8. CONCLUSION

The Procurement Policy has been reviewed to ensure compliance with accounting standards, regulations, and legislation. The changes made provide greater clarity around governance and purpose.

9. OFFICER'S RECOMMENDATION

That the attached updated Procurement Policy be endorsed.

10.05 2023 DRFA Restoration Works - Contracts for Packages 4 to 7

DEPARTMENT:	Department of Engineering
RESPONSIBLE OFFICER:	Christopher Wilson; Director of Engineering
PREPARED BY:	Sarath Jayasekara; Senior Project Engineer
DATE REPORT PREPARED:	14 February 2024

1. PURPOSE

This report provides Council with recommendations to appoint the Principal Contractors to carry out the works designated under four individual Contracts for the tendered prices as per Table No. 2— Recommended Contractors and Prices. Due to the interrelated nature of the work packages and the tenders received, it has been considered appropriate to provide one Council report covering all four contracts.

It is noted that the overall project budgets for all the projects are provided for under the QRA Restoration Works scheme. The budget includes preliminaries, consulting services, internal costs and construction costs for restoration works.

The details of the project budgets are provided in **Section 4** – Financial and Resource Implications Table 3.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

As a part of the State Government's Disaster Recovery Funding Arrangements (DRFA) for the 2022/2023 flood events, reconstruction of public assets work packages was approved under Restoration Works.

The first three packages were awarded last year, and that work has been completed. Four additional work packages have now been approved to proceed. The four packages are:

- 5601-3200-0001 - 2023 DRFA Restoration Works Package 4
- 5601-4250-0001 - 2023 DRFA Restoration Works Package 5
- 5601-3250-0001 - 2023 DRFA Restoration Works Package 6
- 5601-6800-0001 - 2023 DRFA Restoration Works Package 7

The tender

The tenders for these projects were released via VendorPanel on 15 December 2023 and closed on 12 February 2024. Table 1- Summary of the Tenders and Responses lists the tender submissions received for each project.

The tenders received for Packages 4 to 7 from DNE Civil & Hire Pty Ltd are deemed non-conforming by the tender evaluation panel because the offers did not conform with the lump sum contract conditions.

The tenders received for Packages 4 to 7 from NQ Estimating & Civil Services Pty Ltd are also deemed non-conforming because the financial statements, insurance and management system documentation provided to support the tender were for WAR NQ Pty Ltd, not the company that would be party to the Contract.

Lohman Contracting Pty Ltd submitted a tender of \$2,050,222.28 for package 6; however, it was deemed non-conforming by the tender evaluation panel as none of the response schedules were attached to the response.

McLachlan Family Trust T/as Townsville Earthmoving (TEM) submitted a tender of \$4,549,689.13 for package 7; however, it was deemed non-conforming by the tender evaluation panel due to critical response schedules not being completed, such as management plans, Local Content, Experience & Technical Capability, and Program.

The evaluation panel reviewed each tender in accordance with the probity and evaluation plan and undertook a tender evaluation meeting on 26 February 2024 to discuss and agree on the consensus scoring. The results of this evaluation meeting are contained in the evaluation summary, and the consensus scoring assessment is attached in **Appendix A**.

Since these tenders were advertised and assessed, the shire has been hit with further flooding in February and March 2024. These events have caused further damage to the road network that are part of these packages. As a consequence, further DRFA projects will be submitted to QRA for approval. There would be significant advantages if this year's work was included with the works from last year's event. It would allow the additional work to be done at the original contract rates, and it would allow the two lots of work to be coordinated to achieve the maximum benefit.

Therefore, there is a second recommendation for RFT 5601-3200-0001 - 2023 DRFA Restoration Works Package 4 contract that Council provide delegated authority to the CEO to negotiate a variation to the contract up to the value of the final QRA funding approval.

3. PROPOSAL

That Council, having referenced the Tender Evaluation Assessment, endorses the recommendations of the Tender Evaluation Panel to the extent that each Contract is awarded to the respective tenderer to the maximum amount stated (ex GST).

Table No. 2 – Recommended Contractors and Prices

Tender Package	Awarded to	Contract Amount
RFT 5601-3200-0001 - 2023 DRFA Restoration Works Package 4	Stabilised Pavements of Australia Pty Ltd	\$2,870,393.55 ex GST.
RFT 5601-4250-0001 - 2023 DRFA Restoration Works Package 5	Kenglen Civil Pty Ltd	\$2,841,391.68 ex GST.

RFT 5601-6800-0001 - 2023 DRFA Restoration Works Package 7	Durack Civil Pty Ltd	\$2,078,496.81 ex GST.

4. FINANCIAL & RESOURCE IMPLICATIONS

Table 3 lists the budget allocated for each work package. This budget figure incorporates all work to complete the project, including preliminaries, design, project management, contingency, and internal costs. All costs associated with the delivery of the works are covered through QRA DRFA funding.

Table No 3 – Total Project Budget

Tenderer Package	Total QRA Project Budget
RFT 5601-3200-0001 - 2023 DRFA Restoration Works Package 4	\$2,370,083.70 excl. contingency The QRA initial pre-tender assessment is lower than the tendered price (for \$2,870,393.55 ex GST), however the QRA will update and increase its funding to meet the market price. The new Budget will be \$3,300,952.58 including contingency.
RFT 5601-4250-0001 - 2023 DRFA Restoration Works Package 5	\$4,531,302.27 including contingency.

Engineering Services Reports

10.06 Burketown Health & Wellbeing Precinct Stage 1 – Splash Park & Playground Contract No.: 0280-4201-0005

DEPARTMENT:	Engineering
RESPONSIBLE OFFICER:	Chris Wilson; Director of Engineering
PREPARED BY:	Wendy van der Wolf; Procurement and Contracts Coordinator
DATE REPORT PREPARED:	16 April 2024

1. PURPOSE

This report provides Council with recommendations to appoint, with provisions, the Principal Contractor to carry out the works designated under the Burketown Health & Wellbeing Precinct – Stage 1 Splash Park & Playground Contract No.: 0280-4201-0005.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

The scope of work is located at the Morning Glory Park at the site of the existing playground. The project aims to create a community facility at this site encompassing a splash park, playground, and swimming pool in two stages:

- Stage 1
 - Splash Park and Playground
- Stage 2
 - Gym
 - Amenities - toilets and changing facilities
 - Swimming pool
 - Landscaping

GHD PTY Ltd was engaged in October 2022 to develop a Masterplan and Detailed Design for the Health & Wellbeing Precinct. The final Masterplan, approved by council, was used to form the scope for the Design and Construction Tender for Stage 1 of the Precinct being the Splash Park and Playground.

Stage 1 of the project is jointly funded by Council and the Growing Regions Program (**GRP**), should the funding application be successful. As a contingency, an application is in progress for Regions Precincts & Partnerships Program (**RPPP**) grant. Should the application for the GRP funding be successful the Stage 1 construction works are required to commence by 30 May 2024. The tender award for the works needs to commence as soon as possible after the funding approval to ensure this commencement date can be met.

Due to the large volume of documents, it is impractical to provide these in this report, however copies of the tender submissions and plans for the two shortlisted companies will be available for Councillors at the Council Meeting or earlier if requested.

The Tender

The tender for the Health & Wellbeing Precinct – Stage 1 was released via VendorPanel on the 27th October 2023 and closed on 12th December 2023.

The evaluation panel reviewed each tender in accordance with the *Probity and Evaluation Plan* and undertook a tender evaluation meeting on 10th January 2024 to discuss and agree on the consensus scoring.

The tender submissions received and the consensus scoring from the evaluation meeting are contained in **Attachment 1**.

A copy of the proposed design plan and images is contained in **Attachment 2**.

Council received nine tenders. The tender from Ozzie Surveys was deemed non-conforming due to no submission of response schedules or a tender addressing the Scope of Works.

Of the eight conforming tenders received, the tender submissions from Beaucorp and Swimplex were quite similarly ranked and therefore both shortlisted. Beaucorp's concept design emphasised the playground and Swimplex's concept design emphasised the water play area. Post tender discussions were held with both companies to address changes to their concept plans to enable a like-for-like comparison. Both concepts were presented to Councillors at a workshop in February 2024. Council concluded that the preference is for a bigger wet play area including a decent sized water bucket, and a slide in the dry park.

Both companies provided revised concept drawings and pricing that is comparable, however the concept provided by Swimplex offers features that are appealing to a wider age range and meets Council's aspiration for a large bucket water feature, while the revised concept from Beaucorp is more appropriate for a younger demographic with smaller water features.

The evaluation panel concluded that the Swimplex concept is more appealing and is likely to have a longer lifespan for all age groups.

Council has submitted funding application to GRP for \$4,096,737 and is awaiting approval. An application with the same amount will be submitted to Precinct Development and Planning (**RPPP**) in case the GRP application is not successful.

3. PROPOSAL

That Council, having referenced the Tender Evaluation Report, endorses the recommendations of the Tender Evaluation Panel to the extent that the Contract is, in principle, awarded to Swimplex Pty Ltd to the maximum amount of \$3,001,000 (ex GST).

4. FINANCIAL & RESOURCE IMPLICATIONS

Table 1: Construction Project Income Budget

Funding Body	Funding
Burke Shire Council	\$455,193
GRP (awaiting result) / RPPP	\$4,096,737
Funding Total	\$4,551,930

Table 2: Construction Project Expenditure Budget

Activity	Value
Construction	\$3,001,000
Project Management	\$380,000
Contingency (15%)	\$491,000
Escalation	\$380,000
Public facilities (optional)	\$300,000
Project Total	\$4,552,000

5. RISK

Risk Type	What could happen	Possible consequence
Delays to the Construction commencement	Not meeting the funding requirements commencement by 30 th May 2024 for GRP	Negotiate with GRP to extend the project commencement date
Contract variation – due to wet weather, latent conditions	Increase in Contract Sum	Contingency in the order of 5 - 10% allowed Project Management “on the ground” available at all times
Delay due to supply chain issues	Increase in Contract Sum and delay to the proposed completion date	Contingency in the order of 5 - 10% allowed Selection of contractor with material in stock
Funding application unsuccessful	Other sources of funds to be sought	Project commencement gets delayed

6. POLICY AND LEGAL IMPLICATIONS

The Council must also meet all relevant local government procurement requirements outlined in the Local Government Act 2009, Local Government Regulation 2012 and in Council's Procurement Policy. These requirements have been met through the tender process involved with these projects.

Instrument	Reference	Details
<i>Local Government Act 2009</i>	Sections 12 and 13 – responsibilities of councillors and employees	Section 12 charges councillors with ensuring the local government achieves its corporate plan. Section 13 charges council employees with carrying out their duties in a way that ensures the local government achieves its corporate plan.
<i>Local Government Act 2009</i>	Section 257	Council authorises the CEO to incur certain expenditure on behalf of Council by way of a delegation made by Council resolution.
<i>Local Government Regulation 2012</i>	Sections 228-238 – Default Contracting Procedures	These Sections in the Regulation provide the requirements for Procurement for contracts valued at \$200,000 and above.
Burke Shire Council Corporate Plan 2019/2024	Vision, Mission, Values	Local Government Principles and Sound Contracting Principles
Burke Shire Council Procurement Policy 2023		Regulate and guide All Council procurement and contracting activities from external parties.

7. CRITICAL DATES AND IMPLICATIONS

Tender Opened - 27th October 2023

Tender Closed - 12th December 2023

Tender Award - May 2024

GRP funding required construction contract commencement date - 30 May 2024

Construction Practical Completion – 30 June 2025

A delay in the award of this tender may impact the Contractors procurement phase (Preliminaries) which could delay the start of the construction works if materials are not delivered in time.

8. CONSULTATION

Consultation has taken place with:

- GHD Pty Ltd
- Burke Shire Council Evaluation Panel

9. CONCLUSION

The contract should be awarded to Swimplex Pty Ltd subject to funding availability including a contingency sum.

10. OFFICER'S RECOMMENDATION

That Council:

- a) Receive and note the contents of the report and relevant attachments; and
- b) Awards the construction contract to Swimplex to the maximum value of \$3,001,000 (ex. GST) subject to a successful funding application and availability of sufficient budget; and
- c) Delegates authority to the CEO to enter into negotiations regarding any and all matters associated with executing the Contract for the Burketown Health & Wellbeing Precinct to the maximum budget value of \$4,552,000 (ex. GST)

Community and Communications

Building, Facilities & Maintenance

- Ruswin Locksmiths attended Burketown and Gregory week commencing 15th April to inspect and service locks on Council properties and rekey houses (excluding executive homes and seniors units). Structural Engineer has been engaged, CT Management Group, to conduct building inspections, provide a detailed assessment of each property including a list of recommended repairs/maintenance observations including risk rating. This will enable Council to better manage our assets and budget going forward. Site visit to be confirmed however inspection and condition assessment to be completed by 30 June 2024. General Maintenance of all Council Properties is ongoing. RFQ's will be released in the coming weeks for pest control services and guttering clearing and repairs.
- House 15, Bowen Street Burketown – Painters are currently completing works on the property and floor later is expected to be onsite by the end of April/start of May.
- Vacant properties – House 16 Lot 4 Marshall Lane, House 18 Lot 154 Musgrave Street, Unit 7 Lot 172 Musgrave St (currently being used by the temp water operator)

- Housing Inspections – First round of housing inspections will commence at the start of June. Going forward, inspections of properties will be completed every 6 months with the exception of the seniors complex which will be done quarterly given that it is a shared space.
- Cemetery Upgrade (Burketown & Gregory) – We are currently looking at an overhaul of our cemeteries in Burketown and Gregory. The project includes upgrades of fencing and also introduction of software to manage each cemetery. We have received a proposal from a supplier called Chronicle. Chronicle is used in approximately 200 cemeteries across Australia including Richmond and Cloncurry. The software provides a GPS-guided walk to grave, customizable data management, feature stories and online historical walk tour, create online memorials, is accessible to the public and enables online plot sales.
- Burketown and Gregory Multipurpose Courts – We are currently putting together a grant application to remove and replace the Burketown and Gregory Multipurpose Courts through the 'Play Our Way Program'. This is a Federal Grant of up to \$2 million.
- Local Laws - Overgrown Allotments

It has been identified that there are many overgrown allotments within the Burketown and Gregory Communities. Public notification will be released to encourage property owners to clean their properties. Following on from this, inspections will be completed in Burketown & Gregory from 24th – 28th June and notices issued to owners who have not maintained their properties.

- Vet Visit

We will be engaging Gulf Veterinary Services to hold a clinic in Burketown and possibly Gregory (pending availability) before the end of June, dates to be confirmed. We are proposing that Council covers the desexing fees as previously done however all other services are to be paid by the owners. In order to access the service, you must have your pet registered with Council.

- Food Licensing

An RFQ is currently being put together to engage an Environmental Health Officer to perform Food Business Inspections in the month of June. This will also include provision of reports to Council and any follow up inspections that are required.

Corporate Services and Governance

- ECQ Local Government Elections related tasks carried out.
- Disaster Management – various resupplies for stations and businesses
- Library exchange was received. Some new stock now in the library.
- Met with CorpMem to discuss proposal to come to site and assist with clearing the archive room.

Restricted Cash - Capital Grants	874,176	1.64%
Unrestricted Cash	7,606,720	14.23%

Notes to the Statement of Cashflows:

- (1) **Receipts from customers** - Noted balance is on track with budget however is distorted by mapped movements in GST accruals due to the receipt of major DRFA 2022/2023 grant funding during February 2024.
- (2) **Payments to suppliers and employees** - On track with budget; please note that this amount includes accruals amounts to be recognised to 30 June 2023; as a result some amounts in the cashflow will carry through to 30 June 2024 as a distortion due to timing. This amount also shows that council is within expectation of council's cash spend for the end of March 2024.
- (3) **Rental Income** - Rental income is on track with budget.
- (4) **Interest Received** - Interest has increased significantly comparably year on year due to the significant change in the RBA cash rate having an impact on the effective interest rate provided by the QTC (5.02%). This is up from 4.97% in February 2024. The budget as it stands does not account for the major uplift in cash; at this stage council management expects interest to further exceed past expectations with the majority of council cash holdings being seated in the QTC investment account resulting in a predicted not yet budget amended operational surplus of funds.
- (5) **Operating Grants and Contributions** - Major movement for the month consists of 2022/2023 DRFA flood event funding from the QRA to the approximate sum of \$28.48mil.
- (6) **Payments for Property, Plant and Equipment** - The current spent indicate total capital works progress year to year for the end of March 2024. Noted that the spend to date is showing significant improvement year on year and represents Engineering pursuing the budgeted target as set by council for capital works.
- (7) **Capital Grants and Subsidies** - Noted capital revenue has decrease month on month due to the reconciliation and recognition of amounts against accrued revenues/contract assets carried forwards from the previous financial year.
- (8) **Net Cash Movement** - Council's cash holdings were down by \$103.91k by the end of March 2024.

5. STATEMENT OF INCOME AND EXPENDITURE

The below statement shows a comparison between the income and expense statement of March 2023 in the previous year v March 2024 actuals v the budgeted income and expenditure for 30 June 2024.

NET RESULT		3,221,037	3,043,352	14,802,165	-21%

Notes to the Statement of Income and Expenditure:

- (1) Fees & Charges** - This amount is on track with budget.
- (2) Rental Income** - Rental income is on track against budget.
- (3) Interest** - Interest has increased significantly comparably year on year due to the significant change in the RBA cash rate having an impact on the effective interest rate provided by the QTC (5.02%). This is up from 4.97% in February 2024. The budget as it stands does not account for the major uplift in cash; at this stage council management expects interest to further exceed past expectations with the majority of council cash holdings being seated in the QTC investment account resulting in a predicted not yet budget amended operational surplus of funds.
- (4) Recoverable Works Revenue** - RMPC works are still progressing with further billings expected to be carried out up to 30 June 2024.
- (5) Other Income** - 50% of the estimated flood claim insurance reimbursement funds have been received with a further \$250k pending finalisation for April 2024 with LGM.
- (6) Subsidies and Grants (operating)** - Major movement for the month consists of 2022/2023 DRFA flood event funding from the QRA to the approximate sum of \$28.48mil.
- (7) Subsidies and Grants (capital)** - Minimal movement noted for the month.
- (8) Employee benefits** - In relation to employee benefits costs against the budget, we have currently expended \$3.844mil against a budget of \$6.379mil for the year; this is an actual spend of 60.26% year to date.
- (9) Materials and services** - Refer to the cost disaggregation in the operating statement. Currently on track with budget overall.
- (10) Finance costs** - Are scalable higher because bank interest significantly increased above expectation. The total increase in cost is immaterial when compared to the scalable increase in interest revenue received for the year.
- (11) Depreciation and amortisation** - Is inline with the expected depreciation spend by 31 March 2024.
- (12) Donations Revenue** - This is made up of revenue received from the regional flood donations fund to cover the cost of issuing gift cards to post flood effected community members.
- (13) Sale of non-current assets** - Nil movements noted at this stage. Accounting adjustments for the sale of land and property will be reflected in the April 2024 report to council.

6. BURKE SHIRE COUNCIL FINANCIAL PERFORMANCE

The below report shows the expenditure split between the various organisational departments of council.

It is expected that movements should be no more than 8.33% month on month (100% divided by 12 months).

Engineering Services	3,935,982	10,330,373	14,069,100	73.43%	On track with budget. Cost phasing has caught up and is slowing down as predicted in earlier reports.
Utility Services Costs	641,504	694,123	1,040,500	66.71%	On track with budget.
Net Plant Operating Costs	346,129	716,690	785,000	91.30%	Partly there has been a drastic increase due to a significant increase in plant usage in works year on year which has exceeded our expectation in the budget. We will continue to monitor this budget.
Planning and Environmental Expenses	65,156	63,435	374,500	16.94%	On track with budget.
Community Services Costs	995,225	3,016,065	3,900,380	77.33%	Slightly above budget, this will be due to potential items still pending claim for flood response costs received in the 2023/2024 financial year.
Finance Costs	11,582	20,667	18,000	114.82%	Distorted due to percentage approach to reporting. Value is low and has increased due to significant increases to council QTC interest returns for 2023/2024.

Chief Executive Officer Reports

11.04 Consultation - Annual Valuation Effective 30 June 2025

DEPARTMENT:	Office of the Chief Executive Officer
RESPONSIBLE OFFICER:	Dan McKinlay; Chief Executive Officer
PREPARED BY:	Dan McKinlay; Chief Executive Officer
DATE REPORT PREPARED:	19 April 2024
LINK TO COUNCIL PLAN/S:	Corporate Plan. Good Governance- Council is committed to financial, asset, environmental and community sustainability and secures these ends through efficient and effective decision-making processes. This, in turn, promotes community confidence, employee pride and stakeholder satisfaction with the organisation.

1. PURPOSE

The purpose of this report is to seek Council's direction whether to request the Queensland Valuer-General undertake a valuation of land within the region effective from 30 June 2025.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

The Valuer-General wrote to the Chief Executive Officer on the 15 April 2024 seeking a response as to whether a valuation of land within the region should be undertaken to be effective from 30 June 2025. The last valuation conducted was effective 2022/2023 Financial year. This resulted in major increases in the valuations pertaining to Rural properties. As a result rates capping was instigated.

3. PROPOSAL

The Department of Resources is responsible for the valuation of rateable land and provides the values to Council as the basis for the general rates levied each year. As values change over time, the Valuer-General is required to review the valuations on an annual basis and as part of this process Council's opinion is sought as to whether a revaluation should be undertaken.

Significant time delays between valuations can impact the change in property valuations which in turn can lead to substantial changes in rates levied on individual properties without rates capping applied. Large and unpredictable changes in rates levied are obviously undesirable and regular valuations help decrease the probability of this happening.

It is recommended that Council request the Valuer-General not to undertake a valuation effective for the 2024-2025 financial year. Following the consideration of Council's response and the other factors detailed in law, the Valuer-General will notify Council whether a revaluation will be conducted or not.

4. FINANCIAL & RESOURCE IMPLICATIONS

The budgeted cost of valuations in 2023-24 is \$8,000. Council must pay the amount whether a valuation is conducted or not.

If the valuation is undertaken, the new values will be included within the rates modelling for the 2025/2026 budget.

5. RISK

Risk Type	What could happen	Possible Consequences

7. CRITICAL DATES & IMPLICATIONS

The Valuer-General requested a response by Friday 24 May 2024.. If the valuation is undertaken, the new values will be supplied by March 2025 and included within the rates modelling for the 2025-2026 budget.

11.05 Reconfiguring a Lot – Boundary Realignment - Lot 73 SP258882 and Lot 77 B1364

DEPARTMENT:	Office of the Chief Executive Officer
RESPONSIBLE OFFICER:	Dan McKinlay; CEO
PREPARED BY:	Liz Taylor; Consultant Town Planner
DATE REPORT PREPARED:	13 March 2024
LINK TO COUNCIL PLAN/S:	Planning Scheme

1. INTRODUCTION

APPLICANT:	Burke Shire Council PO Box 90 BURKETOWN QLD 4830
APPLICATION:	Reconfiguring a Lot – Boundary Realignment
ADDRESS:	Corner of Burke Street and Sloman Street, Burketown
REAL PROPERTY DESCRIPTION:	Lot 73 SP258882 and Lot 77 B1364
ZONE:	Township Zone
APPENDICES:	Appendix 1 - Proposal Plan of Reconfiguration

In March 2024, an Application for Reconfiguration (RAL) – Boundary Realignment was lodged on behalf of Council, with Council. The Application is Code Assessable against the Planning Scheme.

The Application is reported to Council and recommended for approval, subject to conditions.

2. SITE AND LOCALITY

The site is comprised of two (2) lots located in the central part of Burketown. The immediate area is developed with the Council Chambers, Visitors Centre, Community Hall, Playground and Sports Courts.

Council engaged consultants GHD to prepare a Master Plan for the area, to be known as the Burketown Health and Wellbeing Precinct, which will be developed in stages.

Stage 1 of the development is the development of a small Recreation and Entertainment Sub Precinct, to comprise:

- New playground (removal of old playground, but retention of shade structure);
- Water park,

- Swimming pool;
- Admin/ablution facilities/gym facilities; all with equitable access.

To facilitate the development and to contain all the recreation and entertainment facilities on one lot a boundary realignment is proposed between Lot 77 B1364 and Lot 73 SP258882.

The site is zoned Township, with no Precinct designation, refer extract of Zoning Plan below.

3. PROPOSED DEVELOPMENT

Lot 77 B1364 has an area of 1,012m² and Lot 73 SP258882 has an area of 7,082m².

It is proposed to reconfigure the common boundary between the two lots to create the following lots:

- Proposed Lot 1, with an area of approximately 2,840m² and a frontage of 50.305metres to Sloman Street and frontage of 56.45metres to Burke Street; and
- Proposed Lot 2, with an area of approximately 5,257m² and a frontage of 104.515 metres to Sloman Street.

It is unknown if any services cross the boundaries of the proposed new lots, so a general condition requiring a Services Easement will be included on any approval, and if required, must be provided.

Under State mapping the site shares a common boundary with a Place listed on the QLD Heritage Register, refer Plan below, showing hatched area. This is the site of the Burke Shire Visitor Centre.

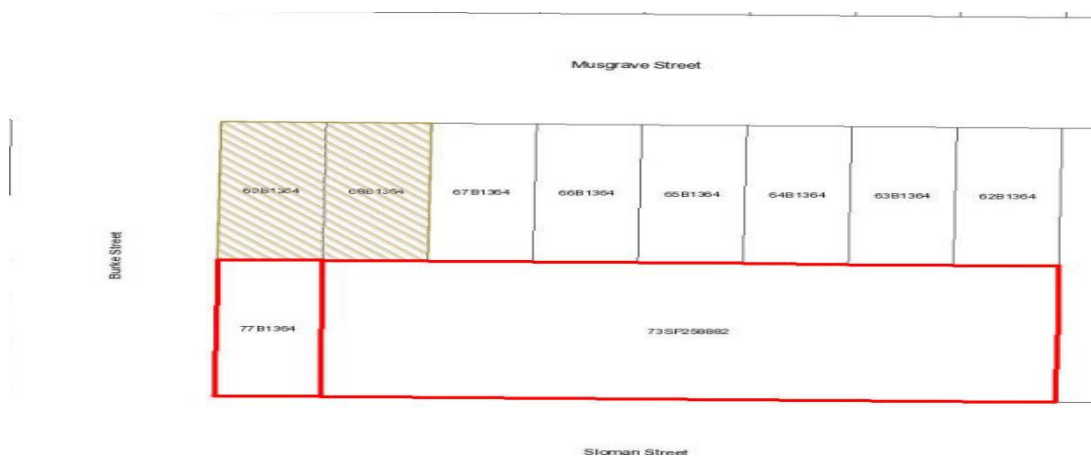

Referral to the State government is not required for this Application, which shares a common boundary with a Place listed on the QLD Heritage Register.

However, it is noted in the Master Plan, prepared by GHD, the Water Park Pump Station is sited very close to the common boundary with the Place listed on the QLD Heritage Register, this is not ideal.

While this may not trigger referral because a Material Change of Use (MCU) Application has been determined not to be required for the Water Park development, it would be prudent to re-site the Water Park Pump Station clear of the common boundary with the Place listed on the QLD Heritage Register, for visual amenity reasons, and place it behind the proposed Water Park.

The current boundary configuration of Lot 77 and lot 73 is shown below, followed by a Proposal Plan of Reconfiguration showing the proposed location of new common boundary.

PROPOSAL PLAN OF RECONFIGURATION

4. TOWN PLANNING ASSESSMENT

The proposed development requires assessment against Burke Shire Planning Scheme 2020.

Burke Shire Planning Scheme

Under the Burke Shire Planning Scheme, the site is included in the Township Zone with no Precinct designation. The Application is Code Assessable against the relevant provisions of following Codes:

- Township Zone Code; and
- General Development Code; and
- Reconfiguring a Lot Code.

An assessment of the proposed development, against the Codes is outlined below.

TOWNSHIP ZONE CODE

Purpose Statement

The (relevant) purposes of the Township Zone Code are to:

- maintain the character and amenity of Burketown;
- provide for the continuation of existing infrastructure and community uses;
- ensure that development provides an appropriate level of infrastructure; and
- facilitate economic development in commercial and industrial precincts by
 - 1) promoting re-use of existing buildings in commercial areas; and
 - 2) providing for a wide range of industrial uses where they don't conflict with sensitive uses.

AND

Overall Outcomes

The purpose of the zone will be achieved through the following (relevant) overall outcomes:

- a range of uses including residential, retail, business, education, industrial, community facilities, tourist facilities, recreation and open space are supported in the zone where they are located in the appropriate zone precinct (where appropriate) and do not impact on neighbouring uses;
- development is connected to and serviced by Council infrastructure where infrastructure exists;
- development is located in areas that are not prone to flooding and where bushfire hazard risk is low.

The lot configuration is proposed to facilitate the efficient provision of various elements of the Recreation and Entertainment Sub -Precinct of the Burketown Health and Wellbeing Precinct.

There is significant community benefit in the project, which is well placed to be connected to all urban services.

The proposed development complies with the Purpose Statement and Overall Outcomes sought for the Township Zone.

An assessment against the relevant Benchmarks of the Code, is provided below.

GENERAL DEVELOPMENT CODE

Purpose Statement

The (relevant) Purposes of the General Development Code are to ensure that development in the Shire is located, designed and managed in a safe and efficient manner.

The Purpose of the code will be achieved through the following (relevant) overall outcomes:

- 1. Development has a safe and efficient site layout.*
- 2. Development does not detract from the Shire's unique building design, is complementary to the scale of neighbouring uses, and contributes to the character of the street and the locality.(5) An appropriate level of servicing and infrastructure is provided to new development and is connected to Council infrastructure where available.*
- 3. (6) The site layout protects the amenity of the area including residential, industrial and commercial uses, allows sufficient areas for access, parking, manoeuvring and landscaping on the site and safe and efficient access and egress.*
- 4. (7) Assets of the Council are protected.*
- 5. (8) Any planned earthworks ensure that existing drainage regimes are maintained or improved.*

The lot configuration is proposed to facilitate the efficient provision of various elements of the Recreation and Entertainment Sub -Precinct of the Burketown Health and Wellbeing Precinct.

There is significant community benefit in the project, which is well placed to be connected to all urban services.

The proposed development complies with the Purpose Statement and Overall Outcomes sought for the General Development Code.

An assessment against the relevant Benchmarks of the Code, is provided below.

RECONFIGURING A LOT CODE

Purpose Statement

The (relevant) Purpose of the reconfiguring a lot code is to:

- (1) Facilitate the creation of lots to a size and dimension of that allows the zones and precincts to achieve the intended use.*
- (2) Ensure that future lots are resilient from the impacts of flood and bushfire.*
- (3) Ensure that reconfiguring lots does not adversely impact on the cultural heritage or biodiversity values of an area or water quality.*
- (4) Ensure that reconfiguring lots does not adversely impact on the Shire's economy.*

The Purpose of the code will be achieved through the following (relevant) overall outcomes:

- (1) Reconfiguration of lots creates safe, functional and suitable lots that are consistent with the existing zone and precinct intent.*
- (2) Reconfiguration of lots ensures that development can provide adequate access and services for all new lots.*
- (3) Reconfiguration of lots does not lead to a loss of biodiversity and ecological connectivity.*
- (4) Reconfiguration ensures the environmental values and quality of Queensland waters are protected and enhanced.*
- (5) Development does not conflict with the ongoing efficient and safe use of the stock route network by travelling stock.*

The lot configuration is proposed to facilitate the efficient provision of various elements of the Recreation and Entertainment Sub -Precinct of the Burketown Health and Wellbeing Precinct.

There is significant community benefit in the project, which is well placed to be connected to all urban services.

The proposed development complies with the Purpose Statement and Overall Outcomes sought for the Reconfiguring a Lot Code.

5. REFERRAL AGENCIES

None

6. STATEMENT OF REASONS

The proposed development is recommended for approval as it is compliant, or can be conditioned to comply, with the relevant codes of the Burke Shire Planning Scheme:

- Town Zone Code – Residential Precinct; and
- General Development Code; and
- Reconfiguring a Lot Code.

The proposed development will facilitate a project of significant community benefit, which will also benefit tourists and travellers visiting the Shire and may generate further investment and economic development in the Shire.

7. CONCLUSION

The proposed reconfiguration is compliant with the relevant provisions of the Planning Scheme for land in the Township Zone and the new lots can be service with all urban services.

The proposed development is supported and recommended for approval, subject to reasonable and relevant conditions, outlined below.

8. OFFICER'S RECOMMENDATION

That the Council resolve:

1. That Council's Senior Engineering Manager reconsider the location of the proposed Water Park Pump Station to ensure no detrimental visual amenity impacts occur on the site listed on the QLD Heritage Register (Visitor Centre site). In this regard, re-siting the Pump Station behind the Water Park, and moved some distance from the heritage building, would resolve any visual amenity issues.
2. In accordance with the Planning Act 2016 as amended, the applicant be notified that the Application for a Development Permit for Reconfiguring a Lot – Boundary Realignment, on a site located on the corner of Burke Street and Sloman Street, Burketown, being Lot 77 B1364 and Lot 73 SP258882, is approved subject to the conditions detailed below.

A. ASSESSMENT MANAGER CONDITIONS (COUNCIL)

1. The development shall be undertaken substantially in accordance with the submitted Proposal Plan of Reconfiguration, except as modified by this approval and specifically:

- a. If any existing reticulated services will traverse one lot to service the other lot, as a result of the boundary realignment, an Easement is required to be provided to benefit the lot which relies on the service lines from the adjoining lot;

OR

The services are to be relocated so that each lot is clear of services that provide a connection for an adjoining lot.

Specific modifications to the Proposal Plan of Reconfiguration and the preparation of supporting Easement documentation, if required, must be actioned prior to Council endorsing the final Plan of Survey, for lodgement and registration with the State government, to the satisfaction of the Chief Executive Officer or delegate.

2. Any future building work on the new lots shall be carried out generally in accordance with any relevant Council requirements and State legislation and to the satisfaction of the Chief Executive Officer or delegate.
3. If unactioned, this development approval lapses six (6) years after the day that the development approval takes effect, unless extended under the Planning Act 2016.
4. Each lot is to be independently connected to the reticulated sewerage system, water service, electricity and telecommunications infrastructure and all separate connections must be in place, prior to Council endorsing the final Plan of Survey for lodgement and registration with the State government, to the satisfaction of the Chief Executive Officer or delegate.
5. Should any of the Council's assets be damaged during the construction of any new infrastructure or associated works the cost of the reinstatement of all such assets shall be met by the applicant/proponent, to the satisfaction of the Chief Executive Officer or delegate.
6. Council endorsement of the Plan of Survey relies on compliance with Conditions 1 to 5 outlined above, to the satisfaction of the Chief Executive Officer or delegate.

11.06 Standing Orders (Meetings)

DEPARTMENT:	Office of the Chief Executive Officer
RESPONSIBLE OFFICER:	Dan McKinlay; Chief Executive Officer
PREPARED BY:	Dan McKinlay; Chief Executive Officer
DATE REPORT PREPARED:	11 April 2024
LINK TO COUNCIL PLAN/S:	GOAL – GOOD GOVERNANCE Council is committed to financial, asset, environmental and community sustainability and secures these ends through efficient and effective decision-making processes. This, in turn, promotes community confidence, employee pride and stakeholder satisfaction with the organisation.

1. PURPOSE

The purpose of this report is for council to consider updating the Standing Orders and Meeting Procedures, reflecting the updated “Best practice” example standing orders for local government and standing committee meetings, as published by the Queensland Government and updated as at March 2024, following legislative amendments to the Local Government Act 2009.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

To assist local governments, the Department of Housing, Local Government, Planning and Public Works (DHLGPPW) provides best practice standing orders that local governments can choose to adopt to provide written rules for the orderly conduct of local government meetings. These best practice Standing Orders incorporate the meeting procedures that deal with matters during local government meetings that must be adhered to under the Local Government Act 2009 (LGA) including the DHLGPPW model meeting procedures and the meeting provisions in the Local Government Regulation 2012 (LGR). Local governments can revise their Standing Orders to incorporate the model meeting procedures or adopt the model meeting procedures. A key amendment were the changes from ‘inappropriate conduct’ to ‘conduct breach’ and the treatment of referrals and complaints through the Independent Assessor.

3. PROPOSAL

The proposal is to adopt the “best practice” standing orders” for local government and standing committee meetings.

4. FINANCIAL & RESOURCE IMPLICATIONS

Implementing this Policy will not require additional resources beyond those currently budgeted.

5. RISK

11.07 Reimbursement of Expenses and Provision of Facilities for Mayor and Councillors Policy

DEPARTMENT:	Office of the Chief Executive Officer
RESPONSIBLE OFFICER:	Dan McKinlay; Chief Executive Officer
PREPARED BY:	Dan McKinlay; Chief Executive Officer
DATE REPORT PREPARED:	19 April 2024
LINK TO COUNCIL PLAN/S:	GOAL – GOOD GOVERNANCE Council is committed to financial, asset, environmental and community sustainability and secures these ends through efficient and effective decision-making processes. This, in turn, promotes community confidence, employee pride and stakeholder satisfaction with the organisation

1. PURPOSE

To review Council's Reimbursement of Expenses and Provision of Facilities for Councillors Policy.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

Section 249 of the Local Government Regulation 2012 legislates that the expenses reimbursement policy is a policy providing for:

- payment of reasonable expenses, incurred or to be incurred, by Councillors for discharging their duties and responsibilities as Councillors.
- provision of facilities to the Councillors for that purpose.

Sections 250 of the Local Government Regulation 2012 covers the requirement to adopt an expenses reimbursement policy or amendment.

A local government must adopt an expenses reimbursement policy.

A local government may, by resolution, amend its expense reimbursement policy at any time.

Section 251 of the Local Government Regulation 2012 has a requirement regarding notification, including the need to:

- (a) ensure a copy of the policy may be inspected and purchased by the public at the local government's public office; and
- (b) publish the policy on the local government's website.

3. PROPOSAL

Recommended changes to the policy are highlighted in the track changes version.

4. FINANCIAL & RESOURCE IMPLICATIONS

Provision will be made in the 2024/2025 Council budget for estimated Councillor Expenses.

5. RISK

It is always the aim of Council to ensure that all decisions are legal, ethical and impartial. Such principles are reflected in Section 4 of the Local Government Act 2009 (i.e., the “local government principles”) and section 12 of that Act (the responsibilities of Councillors)

6. POLICY & LEGAL IMPLICATIONS

Modification of existing Policy.

7. CRITICAL DATES & IMPLICATIONS

It is appropriate for council to review this policy as a new Council has been elected..

8. CONSULTATION

Councillors

Council management

9. CONCLUSION

Council’s Reimbursement off Expenses and Provision of Facilities for Councillors Policy is compliant with the Local Government Regulation 2012 and allocates sufficient resourcing for Councillors to discharge all responsibilities and provides sufficient clarity to Councillors and Council staff on expectations in relation to facilities and expenses.

10. OFFICER’S RECOMMENDATION

That Council adopt and implement the amended Burke Shire Council Reimbursement of Expenses and Provision of Facilities for Mayor and Councillors Policy as attached.

11.08 Councillors representation on Committees

DEPARTMENT:	Office of the Chief Executive Officer
RESPONSIBLE OFFICER:	Dan McKinlay; Chief Executive Officer
PREPARED BY:	Dan McKinlay; Chief Executive Officer
DATE REPORT PREPARED:	19 April 2024
LINK TO COUNCIL PLAN/S:	Goal – Good Governance 1. Council develops implements and maintains an effective and compliant governance framework (governance, finance, risk).

1. PURPOSE

To review Councillors representation on Other Organisations and Associations Committees, Advisory Committees and Portfolio's, Audit Committee and Other.

2. BACKGROUND

Now that a new Council term is in place it is appropriate for Council to review its representations on various committees.

3. FINANCIAL & RESOURCE IMPLICATIONS

Covered by Council's budget and the Councillors Reimbursement of Expenses and Provision of Facilities for Councillors Policy.

4. POLICY & LEGAL IMPLICATIONS

The nature of an Advisory Committee (committee of councillors and others) is defined under sections 263-270 of the Local government Regulation 2012.

5. RISK

Appropriate Council representation.

6. CRITICAL DATES & IMPLICATIONS

It is appropriate for Councillors representatives to be finalised promptly after a newly elected Council is in place.

7. CONSULTATION

Mayor and Councillors

CEO

8. CONCLUSION

It is important that Councillors representation on the stated Committees, are reviewed promptly after a newly elected Council is in place.

There is an ability to add to the committees as required.

I have added a new committee called Burke Shire Council Major Projects Committee. I believe that it is very important to have this committee in place as we will have record spending over the four-year term of this Council, particularly in relation to flood damage recovery. I will present draft Terms of reference to the new Committee.
