Engineering Services Reports

10.02 Capital Works Projects Monthly Update Report

DEPARTMENT:	Engineering and Infrastructure Services
RESPONSIBLE OFFICER:	Chris Wilson; Director of Engineering
DATE REPORT PREPARED:	7 May 2024
LINK TO COUNCIL PLAN/S:	Corporate Plan Operational Plan Budget

1. PURPOSE

This report seeks to inform Council of the progress of the Shire's 2023/24 Capital Works Program, from 1 to 30 April 2024.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

The total funding for Capital Works program including the WIP for the carryover projects and 23-24 FY budget is: **\$17,832,039.86**.

Below please find the summary of the Project and Financial progresses:

- Average Capital Works Program Progress: **78%**
- Average Capital Works Financial Progress: **86%**

The above percentages didn't include the progress of the Deferred Projects.

Attached please find a list of Capital Works Projects including details such as the description and status of each project.

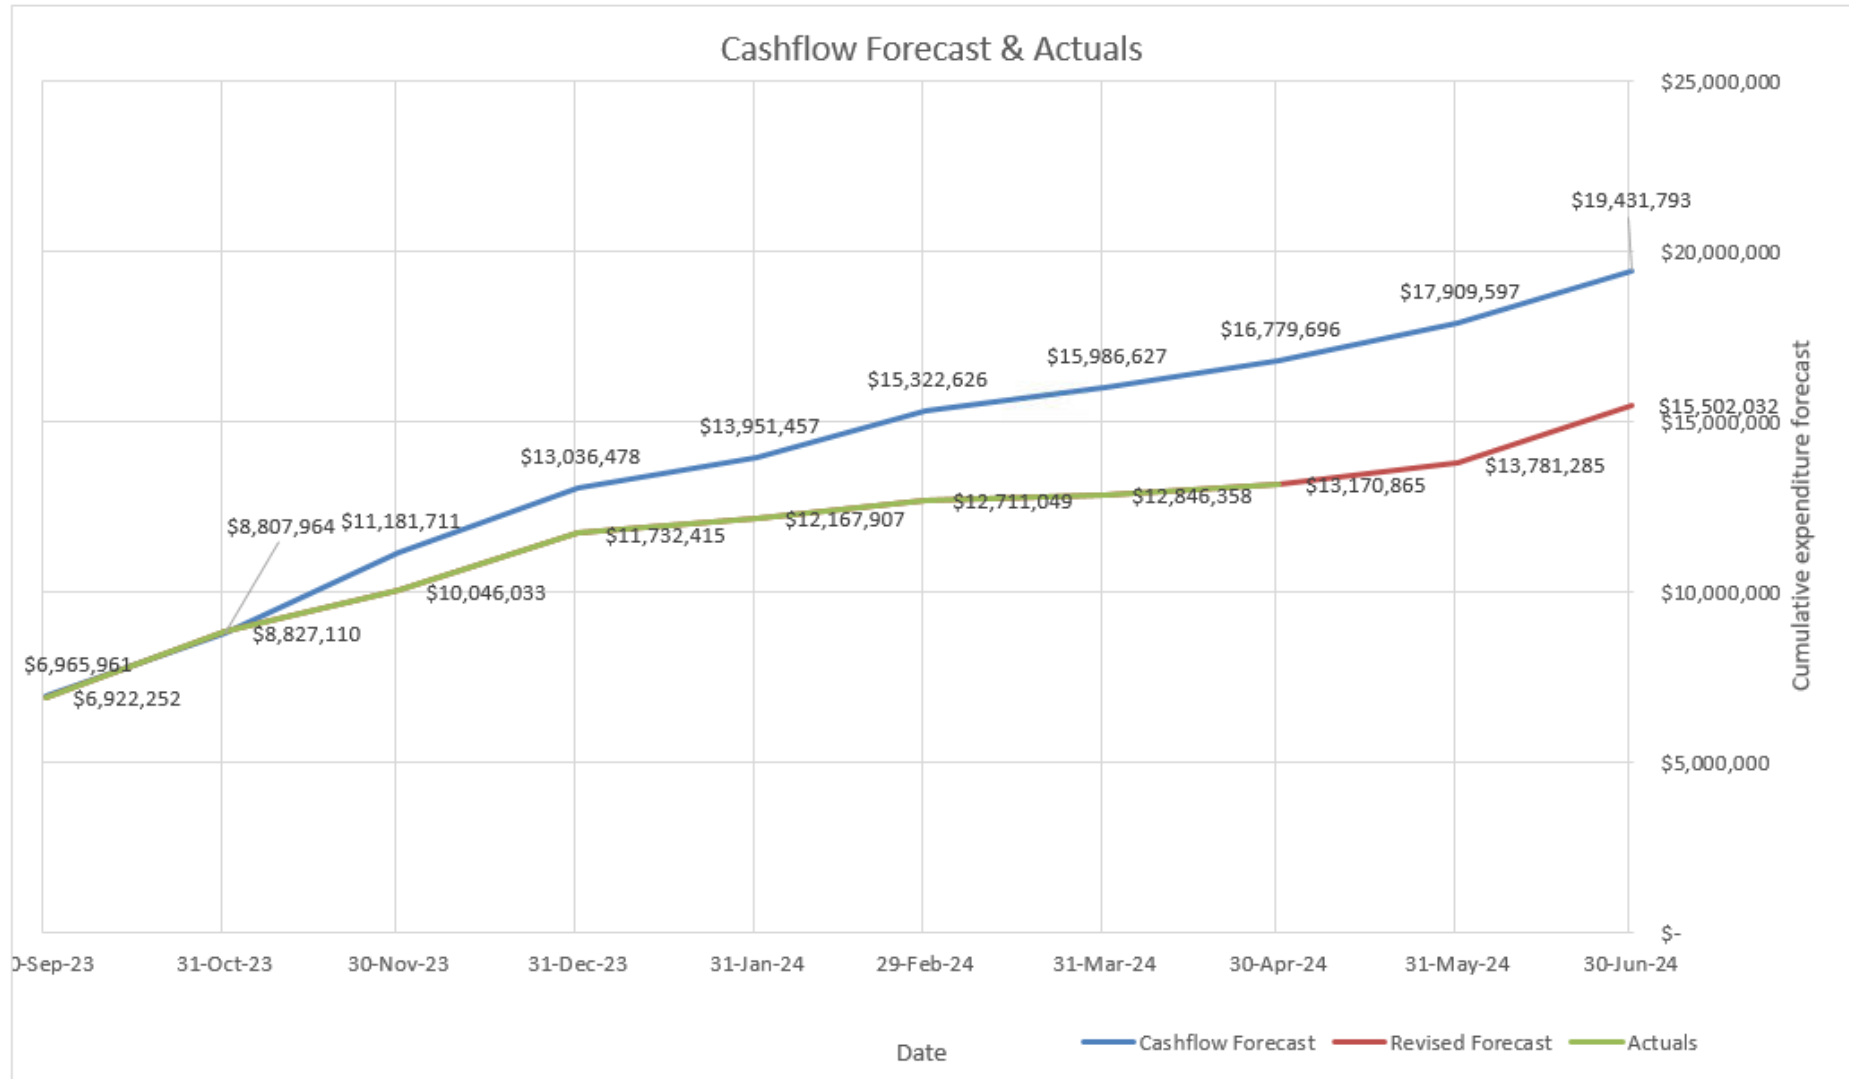

It should be noted that the budget (total budget including 22-23 FY and 23-24 FY) of Burketown Revitalisation Project has been set to \$330,000 (as it was originally in 22-23FY). As Council cash and funding amounts have not been increased since then, 23-24 FY budget to be revised in Q3 budget review to reflect the WIP amount and carryover budget.

3. CASHFLOW

Below please find the Cashflow Forecast baseline (the blue line), the actuals (the black line), and the revised forecasts (the brown line) for this financial year.

The actuals are short by approximately \$3.6m. The revised forecast indicated that the gap between the baseline and the forecast will increase by \$200,000 in the next couple of months and reaches \$3.8m at the end of the financial year. The main reasons for the big gap between the cashflow baseline and the revised forecasts are related to shifting the expenditure forecasts of the following major projects to 24-25 FY.

- SCADA and Gregory Water Treatment Plant Upgrade
- Burketown Wharf Recreational Ground Project
- Burketown Health and Wellbeing Precinct
- Burketown Revitalisation Project
- Fleet Renewal 2023-24

4. CAPITAL WORKS PROGRAM HIGHLIGHTS

Burketown Revitalisation Project

- Council has reviewed the Preliminary design of Beams St and Shared Path Upgrade.
- The community consultation commenced.
- The Consultant will finalise the street lighting design and detailed design after the conclusion of community consultation and Council direction.
- Issues:
 - The project will require EOT till Sept 2024 to complete the lighting design and detailed design.
 - The total project budget including 22-23 and 23-24FY has been set to \$330,000. Whilst the project is not over the approved 23-24 FY yet, the budget will be revised in Q3 review and decrease the 23-24FY to reflect the \$330,000. This will make the project over the budget. Please note that additional costs/variation are expected for the lighting and detailed design.

Gregory Water Treatment Plant (WTP) Upgrade & SCADA Upgrade project

- A price has been received for Gregory River Pump.
- A second-hand clarifier for Gregory Water Treatment Plant is being inspected for suitability. If suitable, Council will purchase the clarifier and get the contractor to install the mechanical and electrical equipment.
- **Risk:**
 - In absence of a quote for the Gregory WTP clarifier, the financial status of the project to be monitored to ensure the project can be delivered within the budget.
 - Purchasing a second-hand clarifier unit will mitigate the risk of going overbudget.

Figure 2: Lamella clarifier located at Richmond.

Burketown Wharf Recreational Grounds

- The scope of construction was confirmed.
- The contractor priced the portion of the scope specs of which have been approved.
- Funding applications have been submitted for the footpath, awaiting the result.
- **Risk:** The risk of the need for additional funding has been reduced significantly following obtaining the revised prices.

Figure 3: The indicative 3D of the proposed toilet block

Health & Wellbeing Precinct

- All disciplines progressing to 90% drawings for Admin building, Pool Pump Room, Swimming Pool, and site coordination.
- The Splash Park preferred contractor has been selected. Contract will be awarded subject to availability of funds.
- Funding application for the final stage of GRP was submitted, awaiting approval.

10.03 DRFA Works Project Status Report

DEPARTMENT:	Engineering and Infrastructure Services
RESPONSIBLE OFFICER:	Chris Wilson
DATE REPORT PREPARED:	16 May 2024
LINK TO COUNCIL PLAN/S:	Corporate Plan Operational Plan Budget

1. PURPOSE

This report seeks to inform Council of the progress of the Shire's 2023/24 Disaster Recovery Funding Arrangement (DRFA) Works Program, from 1 to 30 April 2024.

2. SUMMARY

This report details the progress to date and forecasted cashflow for the 2022/2023 DRFA restoration program for Northern Queensland Monsoon and Flooding 20 December 2022 – April 2023 and the Northern and Western Queensland Rainfall and Flooding 2022 event.

Please note: All values described in this report are exclusive of GST unless specifically stated.

3. 2023 DRFA RESTORATION WORKS

Burke Shire Council's final approved funding (direct cost), for the Northern Queensland Monsoon and Flooding 20 December 2022 – April 2023 event, is \$165,708,982.98 with a further \$17,076,516 in the final stages of the application process with QRA. Betterment Funding applications have been lodged with QRA totalling \$18,499,999.81 split between three projects.

The works are divided into 9 Packages with Council crews also undertaking works. Seven of the packages have been awarded to contractors with Packages 8 & 9 currently in the procurement process. There has been \$5,514,717.40 in payments to contractors to date for these works.

An Extension of time request has been made to QRA for all 2023 DRFA scope to be completed by 30/06/2026.

The 2023 DRFA Program of works is tabulated below:

Engineering Services Reports

10.04 Guiding Engineering Standards; references to FNQROC Development Manual

DEPARTMENT:	Engineering
RESPONSIBLE OFFICER:	Chris Wilson; Director of Engineering
PREPARED BY:	Amir Akrami; Senior Engineering Manager
DATE REPORT PREPARED:	13 May 2024
LINK TO COUNCIL PLAN/S:	Corporate Plan

1. PURPOSE

The purpose of this report is to obtain Council endorsement for adoption of Guiding Engineering Standards including references to parts of FNQROC Development Manual.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

Burke Shire Council has not adopted any guiding engineering standards for reviewing design plans, and undertaking construction, and reviewing development applications. However, it is understood that it has been a common practice for Council officers to refer to FNQROC Development Manual as the immediate reference to get guidance for the standards for design and construction.

FNQROC Development Manual provides a comprehensive, practical, and fit for the region guide through any development process for Developer's, Consultants, Contractors, and Council Officers. This provides consistency in the requirements for development as defined within the Planning Act 2016 within the region.

The FNQROC Development Manual version 8 states:

"It is the intention of the Development Manual to set out procedures and requirements that are consistent with the Planning Act and its supporting legislation, and represent 'best practice' in accordance with accepted current state and national standards for design and construction.

While the Development Manual provides comprehensive manuals and requirements for the preparation and submission of approval applications, designs details and construction procedures, it is not the intention of the document to prescribe mandatory conditions."

Accordingly, the intention of this report is to nominate the relevant sections of FNQROC Development Manual that are expected to be referenced more frequently for design and construction and assist in the evaluation of development applications.

3. PROPOSAL

It is proposed to nominate the following sections of FNQROC Development Manual to be adopted as guiding engineering standards for design, construction, and evaluation of development applications.

Design Manuals

- D1 Road Geometry 11.19
- D2 Site Regrading 11.19
- D3 Road Pavements 11.19

4. FINANCIAL & RESOURCE IMPLICATIONS

Adoption of the above-mentioned sections of FNQROC Development manual aims to improve efficiency and consistency. Given these sections of FNQROC development Manual are being adopted as guiding standards rather than mandatory ones, in an unexpected situation that any potential additional costs are forecasted from following the best practices, they can be replaced with a cost-effective solution. Ultimately, no adverse financial or resource implications are expected.

5. RISK

Risk Type	What could happen	Possible consequence
Not adopting the suggested guiding engineering standards	Council officers and consultants may not follow a consistent approach towards the design and construction	Loss of opportunity for providing further consistency and efficiency in design, construction, and developments
Cost	<ul style="list-style-type: none"> Additional cost from following the best practices 	<ul style="list-style-type: none"> Higher levels of service Potentially more resilient infrastructure If the additional costs are unreasonable, a cost-effective alternative can be proposed.

6. POLICY & LEGAL IMPLICATIONS

Following the best practices can protect Council and officers against any potential litigations.

No Policy implications are expected.

7. CRITICAL DATES & IMPLICATIONS

It is recommended to adopt the guiding engineering standards immediately to be able to make references to any development applications, design and construction.

8. CONSULTATION

Consultation was undertaken with;

- Elizabeth Taylor, Town Planner
- Chris Wilson, Director of Engineering
- David Marshall, Water and Wastewater Coordinator
- Executive Management Team
- Councillors

9. CONCLUSION

That there is low risk (and great benefits) for Council to adopt the suggested guiding engineering standards.

10. OFFICER'S RECOMMENDATION

That Council adopts the sections of the FNQROC Development Manual version 8 (any future updates to those sections) as guiding engineering standards for design and construction of developments and projects as described in Section 3 of this report.

Resolution Number – 240424.18 – Reconfiguring a Lot – Boundary Realignment - Lot 73 SP258882 and Lot 77 B1364

That the Council resolve:

1. That Council's Senior Engineering Manager reconsider the location of the proposed Water Park Pump Station to ensure no detrimental visual amenity impacts occur on the site listed on the QLD Heritage Register (Visitor Centre site). In this regard, re-siting the Pump Station behind the Water Park, and moved some distance from the heritage building, would resolve any visual amenity issues.
2. In accordance with the Planning Act 2016 as amended, the applicant be notified that the Application for a Development Permit for Reconfiguring a Lot – Boundary Realignment, on a site located on the corner of Burke Street and Sloman Street, Burketown, being Lot 77 B1364 and Lot 73 SP258882, is approved subject to the conditions detailed below.

A. ASSESSMENT MANAGER CONDITIONS (COUNCIL)

1. The development shall be undertaken substantially in accordance with the submitted Proposal Plan of Reconfiguration, except as modified by this approval and specifically:
 - a. If any existing reticulated services will traverse one lot to service the other lot, as a result of the boundary realignment, an Easement is required to be provided to benefit the lot which relies on the service lines from the adjoining lot;

OR

The services are to be relocated so that each lot is clear of services that provide a connection for an adjoining lot.

Specific modifications to the Proposal Plan of Reconfiguration and the preparation of supporting Easement documentation, if required, must be actioned prior to Council endorsing the final Plan of Survey, for lodgement and registration with the State government, to the satisfaction of the Chief Executive Officer or delegate.

2. Any future building work on the new lots shall be carried out generally in accordance with any relevant Council requirements and State legislation and to the satisfaction of the Chief Executive Officer or delegate.
3. If unactioned, this development approval lapses six (6) years after the day that the development approval takes effect, unless extended under the Planning Act 2016.
4. Each lot is to be independently connected to the reticulated sewerage system, water service, electricity and telecommunications infrastructure and all separate connections must be in place, prior to Council endorsing the final Plan of Survey for lodgement and registration with the State government, to the satisfaction of the Chief Executive Officer or delegate.
5. Should any of the Council's assets be damaged during the construction of any new infrastructure or associated works the cost of the reinstatement of all such assets shall be met by the applicant/proponent, to the satisfaction of the Chief Executive Officer or delegate.

Council endorsement of the Plan of Survey relies on compliance with Conditions 1 to 5 outlined above, to the satisfaction of the Chief Executive Officer or delegate.

Restricted Cash - Capital Grants	874,176	1.66%
Unrestricted Cash	6,553,971	12.45%

Notes to the Statement of Cashflows:

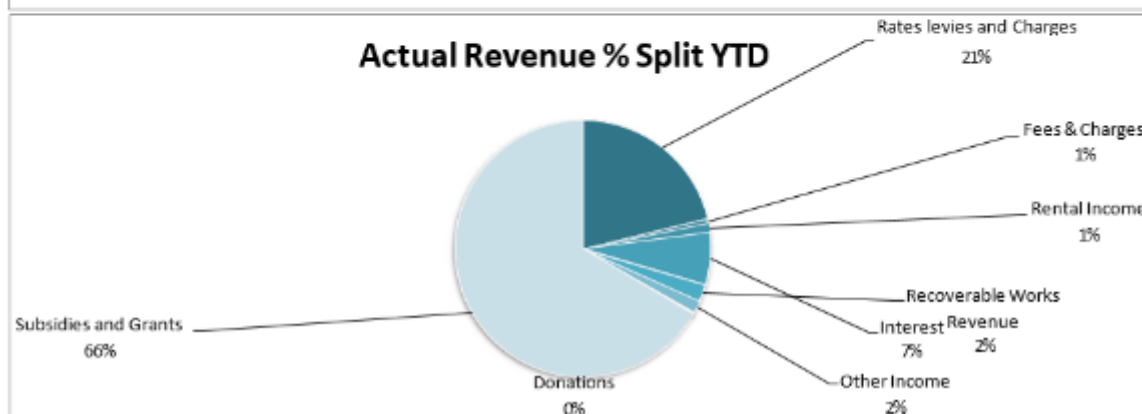

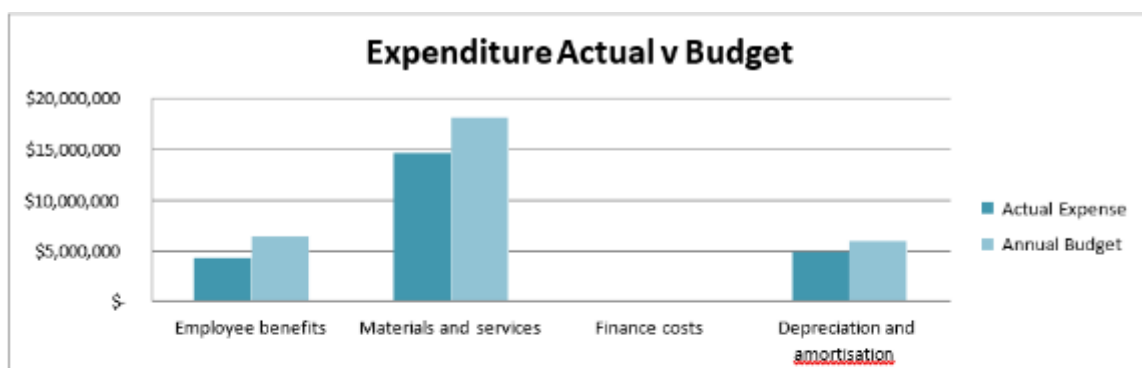

- (1) **Receipts from customers** - Noted balance is on track with budget however is distorted by mapped movements in GST accruals due to the receipt of major DRFA 2022/2023 grant funding during February 2024. This will be paid as part of the March 2024 BAS lodgement to the ATO.
- (2) **Payments to suppliers and employees** - On track with budget; please note that this amount includes accruals amounts to be recognised to 30 June 2023; as a result some amounts in the cashflow will carry through to 30 June 2024 as a distortion due to timing. This amount also shows that council is within expectation of council's cash spend for the end of March 2024.
- (3) **Rental Income** - Rental income is on track with budget.
- (4) **Interest Received** - Interest has increased significantly comparably year on year due to the significant change in the RBA cash rate having an impact on the effective interest rate provided by the QTC (4.83%). This is down from 5.02% in March 2024. The budget as it stands does not account for the major uplift in cash; at this stage council management expects interest to further exceed past expectations with the majority of council cash holdings being seated in the QTC investment account resulting in a predicted not yet budget amended operational surplus of funds.
- (5) **Operating Grants and Contributions** - No major movement noted for April 2024.
- (6) **Payments for Property, Plant and Equipment** - No major movement noted for April 2024.
- (7) **Capital Grants and Subsidies** - No major movement noted for April 2024.
- (8) **Net Cash Movement** - Council's cash holdings were down by \$809.42k by the end of April 2024.

NET RESULT		- 3,961,630	- 4,623,988	14,802,165	-31%

Notes to the Statement of Income and Expenditure:

- (1) **Fees & Charges** - This amount is on track with budget.
- (2) **Rental Income** - Rental income is on track against budget.
- (3) **Interest** - Interest has increased significantly comparably year on year due to the significant change in the RBA cash rate having an impact on the effective interest rate provided by the QTC (4.83%). This is down from 5.02% in March 2024. The budget as it stands does not account for the major uplift in cash; at this stage council management expects interest to further exceed past expectations with the majority of council cash holdings being seated in the QTC investment account resulting in a predicted not yet budget amended operational surplus of funds.
- (4) **Recoverable Works Revenue** - RMPC works are still progressing with further billings expected to be carried out up to 30 June 2024.
- (5) **Other Income** - 50% of the estimated flood claim insurance reimbursement funds have been received with a further \$250k pending finalisation for June 2024 with LGM.
- (6) **Subsidies and Grants (operating)** - Minimal movement noted for the month.
- (7) **Subsidies and Grants (capital)** - Minimal movement noted for the month.
- (8) **Employee benefits** - In relation to employee benefits costs against the budget, we have currently expended \$4.225mil against a budget of \$6.379mil for the year; this is an actual spend of 66.24% year to date.
- (9) **Materials and services** - Refer to the cost disaggregation in the operating statement. Currently on track with budget overall.
- (10) **Finance costs** - Are scalable higher because bank interest significantly increased above expectation. The total increase in cost is immaterial when compared to the scalable increase in interest revenue received for the year.
- (11) **Depreciation and amortisation** - Is inline with the expected depreciation spend by 30 April 2024.
- (12) **Donations Revenue** - This is made up of revenue received from the regional flood donations fund to cover the cost of issuing gift cards to post flood effected community members.
- (13) **Sale of non-current assets** - Nil movements noted at this stage. Accounting adjustments for the sale of land and property will be reflected in the June 2024 report to council.

11.04 Appointment of External Audit Committee Member

DEPARTMENT:	Office of the Chief Executive Officer
RESPONSIBLE OFFICER:	Dan McKinlay; Chief Executive Officer
PREPARED BY:	Dan McKinlay; Chief Executive Officer.
DATE REPORT PREPARED:	17 May 2024
LINK TO COUNCIL PLAN/S:	Corporate Plan, Good Governance- Council decision –making promotes financial and asset sustainability.

1. PURPOSE

The purpose of this report is to recommend the appointment of an independent local resident to the Burke Shire Council Audit Committee in accordance with section 210 (1) (ii) of the Local Government Regulation 2012.

2. BACKGROUND

The existing composition of the Burke Shire council Audit Committee comprises of two Councillors in accordance with s210(1)(b)(ii) of the Local Government Act 2012, an independent community member, with a fourth member being both the chairman and externally contracted from Walsh's Accounting as a member of significant experience and skill in financial matters per s210(1)(b)(ii) of the Local Government Act 2012.

The current community member was Paul Poole and now that he is a Councillor, and the fact that he has been appointed as a Councillor on the Audit Committee going forward, is it is appropriate for another community member to be appointed.

Council advertised locally for an additional community member and one application was received from Mr Garry Jeffries who has been a resident of Burke Shire for almost 23 years. Mr Jefferies has almost 50 years' experience in the construction industry from both public as well as private sector perspectives. He has a Degree of Engineering (Civil). He was also the Director of Engineering at Doomadgee Aboriginal Council from January 2017-September 2019 and Chief Executive Officer of the same Council from Sept 2019-Jan 2021.

3. FINANCIAL & RESOURCE IMPLICATIONS

A meeting fee will be negotiated for this position at this stage.

4. POLICY & LEGAL IMPLICATIONS

Chief Executive Officer Reports

11.05 Budget Review for the 10 months to the end of 30 April 2024

DEPARTMENT:	The office of the Chief Executive Officer
RESPONSIBLE OFFICER:	Dan McKinlay; Chief Executive Officer
PREPARED BY:	Shaun Jorgensen; Finance and Technology Manager
DATE REPORT PREPARED:	15 May 2024
LINK TO COUNCIL PLAN/S:	Operational Plan 2023-24 Council Budget 2023-24

1. PURPOSE OF REPORT

The purpose of the following budget review is to establish any significant or tentative deviations of actuals costs against the original budget set for the 2023/24 financial year and to advise of any amendments to its budget pursuant to section 170(1) of the Local Government Regulation 2012. These review items will be separated into the categories of 'Operating' and 'Capital'.

2. SUMMARY BACKGROUND & PREVIOUS CONSIDERATION

Council adopted the budget for the 2023/24 financial year on the 20th of July 2023. Council's actual year to date revenue and expenditure is reviewed monthly. Any significant variances between year-to-date financial performance and budget estimates are investigated and reported. Section 170 (3) of the Local Government Regulation 2012 provides that a Local Government may by resolution amend the budget for the financial year at any time before the end of the financial year. Year to date financial performance has been assessed against original budget estimates and the review will outline any amendments required in accordance with the Local Government Regulation 2012. The previous budget review was conducted for up to 30 November 2023 and up to 31 January 2024.

Total Annual Budget Closing Surplus/(Deficit) YTD			845,965.00

4. FINANCIAL & RESOURCE IMPLICATIONS

The below statement shows a comparison between the cashflow of April 2023 in the previous year v April 2024 actuals v the budgeted estimated cashflow for 30 June 2024.

This recommendation requires changes to the current year budget as follows:

For Operations; the below adjusted are requested from Council:

For Roads General; council management identified additional funds to fund minor project shortfalls and an emergent road project raised during the year.

- Previously it was understood that \$328k was required from own-source funds to fund the below two capital projects:
 - \$200k Archie Diner Creek
 - \$128k Bowthorn Road Culvert Upgrades
- It was then identified that LRCI was to be used to fund the \$128k on Bowthorn Road Culvert Upgrades
- And an additional ATSI TIDS amount of \$198k was secured to fund Archie Diner Creek
- As a result, management recommends to move the amount of \$228k back to the roads general maintenance budgeted (funded via per capita FA Grant funds)

For Interest generated from the QTC; council forecasts an increase of \$520k based on the average interest rate and balance of QTC cash for the remainder of the 2023/2024 year. This has resulted in an operational surplus being identified and recommended for amendment for up to 30 April 2024.

During the year, council was also allocated an additional \$35k in SES funding, management recommends an increase to the SES revenue and expenditure budget by this balance for this budget review.

For IT Expenditure; due to the recent inability to secure TDRI funding, and due to significant business disruption from the regional telecom outages, RMT and council have revised the Starlink Enterprise linking scope for all microwave linked Burketown sites to a cost of \$70k. Management recommends a budget amendment to allow for the funding of this project to proceed as a matter of urgency. This project will be used to build a community wire mesh network for the next financial year or when further funding can be obtained.

For Cemetery Expenditure; management also recommends an increase to the community services budget to allow for the establishment of Chronicle Software and cemetery surveying works in the current financial year. The value of these works to be funded via own source funds is \$14k.

Workshop Fleet Maintenance Expenditure; management noted during the year a significant overspend on fleet for a number of reasons; due to backlogged maintenance on existing fleet, configuration of new fleet. A pending comprehensive review is currently underway to investigate this matter further and understand the reasoning for the overruns in the budget as a matter of priority with management, in the meantime section 173(2) should be observed in this instance with the funds for the above expenditure being noted as coming from existing budget surplus and funded via QTC interest return year to date. A report will be provided as a separate matter to council for review and discussion in due course in accordance with the prescribed timeline provided by the council CEO. Management also notes that components of the identified overspend may well result in alleviate additional spend in the forward budget the next financial year as well as the items purchased will amount to stock on hand.

For House Maintenance Expenditure; management also recommends an increase of \$30k to accommodate for additional housing repairs costs encountered during the 2023/2024 financial year.

For Capital Project Expenditure; the below has been adjusted:

Bowthorn Road Culvert Replacement; this project was outlined during the year by Northlane and completed as an emergent works project. Council management requests councillors approval to move this project to be fully funded via LRCI4 funds per the capital projects listing for the sum of \$128k. No own source funds will be required to execute this project in 2023/2024.

Gregory WTP; for this project an additional \$30k is recommended to be funded via own source in order to install Starlink configurations to both sites to allow for maximum redundancy and resilience.

Purchase of Dongas from Johns Lying Group; an opportunity has arisen during the year to allow for the purchase of already mobilised Dongas as a result of the March 2023 flood event. Management recommends this purchase be pursued with \$110k being allocated for the purchase and configuration of these Dongas.

The outcome of the above noted recommended amendments to the budget is an overall surplus of \$203,000 for all adjustment requested year to date. The total budget surplus for the annual period has been re-calculated at \$845,965 for 2023/2024. This is primarily as a result of the additional grant funding provided to council and significant increases in QTC interest earnings.

Other budget matters to note:**Housing maintenance**

Additional to the above cost areas noted; management notes that there are several critical housing repairs that will need to be assessed in the coming months and completed by 30 June 2024. A RFQ was issued for housing inspection report works to be completed during the 2023/2024 to establish a detailed housing maintenance plan for the next 5 years based on a risk level approach. At this stage no further amendments will be required to fund these works as they were scoped in the original council budget for 2023/2024. This will be reviewed in the March 2024 budget review quarter.

Mental Health Grant

At this stage we are still pending confirmation of the Mental Health Grant from 2023; council management is in pursuit of these funds as broken down per the projects below:

- Wharf Precinct: \$620k;
- Gregory Irrigation: \$80k; and
- Clarifiers/Lagoons: \$300k.

Records management

Council management will be reallocating savings within existing administration budgets to fund the completion of records backlog management; this has been quoted at \$19,480.

Grant writing services

Council management noted additional grant writing services incurred during 2023/2024; for the \$6,840 shortfall noted, we will fund this via savings in the economic development budget and administrative budgets at this stage.

Airport Costs

Council management noted airport costs exceeded budget year to date as at 30 April 2024. While savings will be used to cover this budget over from other various areas of the annual budget, management will consider this cost and adjust accordingly in the forward year budget to ensure sufficient funding is available for works, operations and maintenance.

5. POLICY & LEGAL IMPLICATIONS

Compliance with the Local Government Act 2009 and Section 170 of the Local Government Regulation 2012.

6. CRITICAL DATE & IMPLICATIONS

Section 170 (3) of the Local Government Regulation 2012 defines Council's ability to amend its budget. The local government may, by resolution, amend the budget for a financial year at any time before the end of the financial year.

7. CONSULTATION

- Executive Management Team; and
- Council.

8. CONCLUSION

A surplus of \$203,000 will be reported for the year up to 30 April 2024 as a result of additional funding needed to progress major capital works projects for the year. This movement results in council reporting a total budget surplus of \$845,965 for 2023/2024.

9. OFFICER'S RECOMMENDATION

That the following resolution be endorsed by council:

11.06 Budget Policy

DEPARTMENT:	Office of the Chief Executive Officer
RESPONSIBLE OFFICER:	Dan McKinlay; Chief Executive Officer
PREPARED BY:	Shaun Jorgensen; Finance and Technology Manager
DATE REPORT PREPARED:	13 May 2024
LINK TO COUNCIL PLAN/S:	Corporate Plan, Good Governance- Council decision –making promotes financial and asset sustainability.

1. PURPOSE

To provide a framework for the administration of Council's budget and establish guidelines to ensure that known variations to the budget are addressed in a timely manner.

2. BACKGROUND

Council provides a wide range of services, many of them significant, to all parts of the community. It is important that guidelines are established to assist in providing financial rigour to these activities. This includes guidelines to:

- clarify limitations on the release of budgetary information prior to the formal adoption of the budget
- ensure that council reports are presented in a fiscally responsible manner
- provide guidance in the preparation of the budget reviews
- ensure that required amendments to the budget are made in a timely manner
- ensure consistency with council's Long Term Financial Forecast including Long Term Asset Management Plans
- ensure there is an emphasis for accountability for budget administration and compliance from all council officers and delegates.

3. FINANCIAL & RESOURCE IMPLICATIONS

This policy was first implemented in 2020. Having a Budget Policy in place clearly improves Councils financial accountability and sustainability.

4. POLICY & LEGAL IMPLICATIONS

8. CONCLUSION

The budget policy sets out the framework under which Council's budget is determined and how the budget is adjusted throughout the year if required. The budget should be consistent with the Council's corporate plan, long term financial forecast and the annual operational plan. Not all Council's have a Budget Policy as it is not a legislative requirement, but it ensures strong financial discipline and accountability over Council's operations.

9. OFFICER'S RECOMMENDATION

That the attached revised Budget policy be adopted.

11.07 Review of Annual Policies 2024

DEPARTMENT:	Office of the Chief Executive Officer
RESPONSIBLE OFFICER:	Dan McKinlay; Chief Executive Officer
PREPARED BY:	Shaun Jorgensen; Finance and Technology Manager
DATE REPORT PREPARED:	13 May 2024
LINK TO COUNCIL PLAN/S:	Corporate Plan –Council develops, implements and maintains an effective and compliant governance framework (governance, finance, risk)

1. PURPOSE

The purpose of this report is to readopt a range of Annual Policies in accordance with the relevant legislation.

2. BACKGROUND

In accordance with the Local Government Regulation 2012, Council is required to maintain a range of policies to guide Council's behaviours and activities.

The policies included for adoption are:

- Financial Hardship Policy (General)
- Advertising Expenditure Policy (Statutory)
- Debt Recovery Policy (Statutory);
- Asset Disposal Policy (General);
- Portables and Attractive Items Policy (General);
- Competitive Neutrality Complaints Policy (Statutory); and
- Related Party Disclosure Policy (Statutory).

3. PROPOSAL

Comments on the various policies to be adopted as per the Local Government Regulation 2012 are as follows:

Financial Hardship Policy (General) – Local Government Regulation Section 120

The purpose of this Policy is to outline the principals and eligibility criteria, which will be taken into consideration when assessing applications and the hardship provisions available to the ratepayer. The intention of this Policy is to ensure that those experiencing severe financial difficulties remain in their home and to alleviate the immediate financial burden and escalation of potential debt recovery by Council.

Advertising Expenditure Policy (Statutory) – Local Government Regulation Section 197

Council advertises in various media to inform, involve and educate the community about matters affecting them. It is important that guidelines are established to assist Council in determining the appropriate uses for advertising. This includes guidelines for:

- When the Burke Shire Council may incur expenditure for the purposes of advertising;
- When the Burke Shire Council may engage in advertising;
- General Restrictions on advertising;
- Restrictions during elections; and
- Advertising Approvals.

Debt Recovery Policy (Statutory) – Local Government Regulation Section 132

The management and recovery of outstanding revenue is an important aspect of Council's financial management function and needs to conform to the following objectives;

- Ensure a fair, consistent and accountable approach to BSC debt management and collection practice
- Recognise the importance that debt recovery has on the capacity of BSC to deliver services to the community
- Maximise the collection of outstanding debts
- Establish timelines of communications and debt collection itself, which will deliver consistency of service; and
- Maximise the cost effectiveness of collection processes.

When pursuing the collection of overdue rates or charges Council will have due concern for any financial hardship faced by ratepayers and will allow appropriate time to pay overdue rates where financial difficulty is identified.

Asset Disposal Policy (General) – Local Government Act Section 104

The purpose of this policy is to provide unambiguous and transparent direction for the disposal of assets to:

- Promote fair and effective competition to the greatest possible extent;
- Consider any potential benefit to the community;
- Ensure best value for money is achieved; and
- Ensure the same accountability for disposal of assets as that of purchasing assets.

Portables and Attractive Items Policy (General)

The purpose of the Portables and Attractive Items Policy is to provide BSC with a policy that promotes accountability and transparency in the management of Portable and Attractive Items to mitigate the risk of theft, intentional misuse or loss of public benefit from the items, while considering the associated administrative costs.

The policy outlines the following factors to be considered for Portables and Attractive Items:

- Recognition and Identification;
- Stocktakes; and
- Disposals.

Competitive Neutrality Complaints Policy (Statutory)

This policy applies to Competitive Neutrality Complaints regarding Business Activities undertaken by Burke Shire Council (BSC) that are in direct competition, or have the potential to be in competition, with the private sector.

The policy outlines the following factors to be considered for Competitive Neutrality Complaints Items:

- Preliminary Review Process;
- Further Complaints Process; and
- Council's Competitive Neutrality Complaints Register and Reporting Requirements.

Related Party Disclosure Policy (Statutory)

The purpose of this Policy is to provide guidance to Burke Shire Councillors and Key Management Personnel (KMP) to ensure Council's compliance with Australian Accounting Standards Board *AASB 124 Related Party Disclosures*. This Guideline will provide a systematic approach to discern related parties, approved related party transactions and proper identification, recording and reporting of such transactions.

This Guideline will be applied in:

- Identifying KMP;
- Identifying related party relationships and transactions;
- Identifying outstanding balances, including commitments, between Council and its related parties;
- Identifying the circumstances in which disclosure is required; and
- Determining the specific disclosures to be made.

Social Media Policy (General)

The intent of this policy is to provide understanding and guidance for the appropriate use of social media platforms and tools by Council staff, Councillors and contractors for the purpose of conducting Council business.

Council provides facilities, spaces, services, events and activities that promote and support community engagement, health, well-being and sustainability. 2. Council supports and/or partners with organisations, services, events and activities that promote and support community engagement, health, well-being and sustainability. 3. Council acts (directly or through facilitation, advocacy or partnerships) to address accommodation issues that impact on community well-being and sustainability.

7. CRITICAL DATES & IMPLICATIONS

The Sport and Recreation Strategy 2019-24 allocates completion timeframes for particular activities. Council's ability to fund these activities is often dependent on receipt of external funding, so these timeframes are, in many cases, aspirational.

8. CONSULTATION

Periodic consultation is taking place between Council and:

Club and Association representatives

- Ongoing engagement with Gregory club representatives in relation to Gregory Showgrounds Projects.
- Ongoing engagement with the Burketown Rodeo and Sporting Association in relation to infrastructure and facility management at the Burketown Showgrounds.
- State School re Health and wellbeing Precinct.
- Department of Housing & Public Works (Sport and Recreation).

9. CONCLUSION

Monitoring the implementation of the Sport and Recreation Strategy 2019-24 will help Council to progress key goals and strategies in the Corporate Plan 2019-24, particularly as these relate to community health, wellbeing and sustainability.

10. OFFICER'S RECOMMENDATION

That Council note and receive the Sport and Recreation Strategy 2019-24 update for the January to March 2024 Quarter.
