10.02 Capital Works Projects Status Update Report

DEPARTMENT:	Engineering Services
RESPONSIBLE OFFICER:	Chris Wilson; Director of Engineering/Deputy CEO
PREPARED BY:	Amir Akrami; Manager Project Management Office
DATE REPORT PREPARED:	15 January 2026
LINK TO COUNCIL PLAN/S:	Goal – Asset Sustainability Council makes appropriate infrastructure investments (operations, maintenance, renewals, upgrades, acquisitions, disposals) to ensure the delivery of appropriate levels of service. These decisions are made with reference to financial, asset and community sustainability.

1. PURPOSE

This report seeks to inform Council of the progress of the Shire’s 2025/26 Capital Works Program, from 1 to 31 December 2025.

2. SUMMARY

The total 25-26 FY Capital Works Program budget is \$82,124,000. The lifetime budget for Capital Works program including the WIP for the carryover projects and 25-26 FY budget is \$86,566,000 including \$52,916,000 funding of carry over projects.

Below please find the summary of the Project and Financial progresses.

- Average Capital Works Program Progress for Carry over projects: 50%
- Average Capital Works Program Progress for 25-26 added projects (excluding projects awaiting funds): 19%
- Average Capital Works Financial Progress for Carry over projects: 49%
- Average Capital Works Financial Progress for 25-26 added projects (excluding projects awaiting funds): 15%

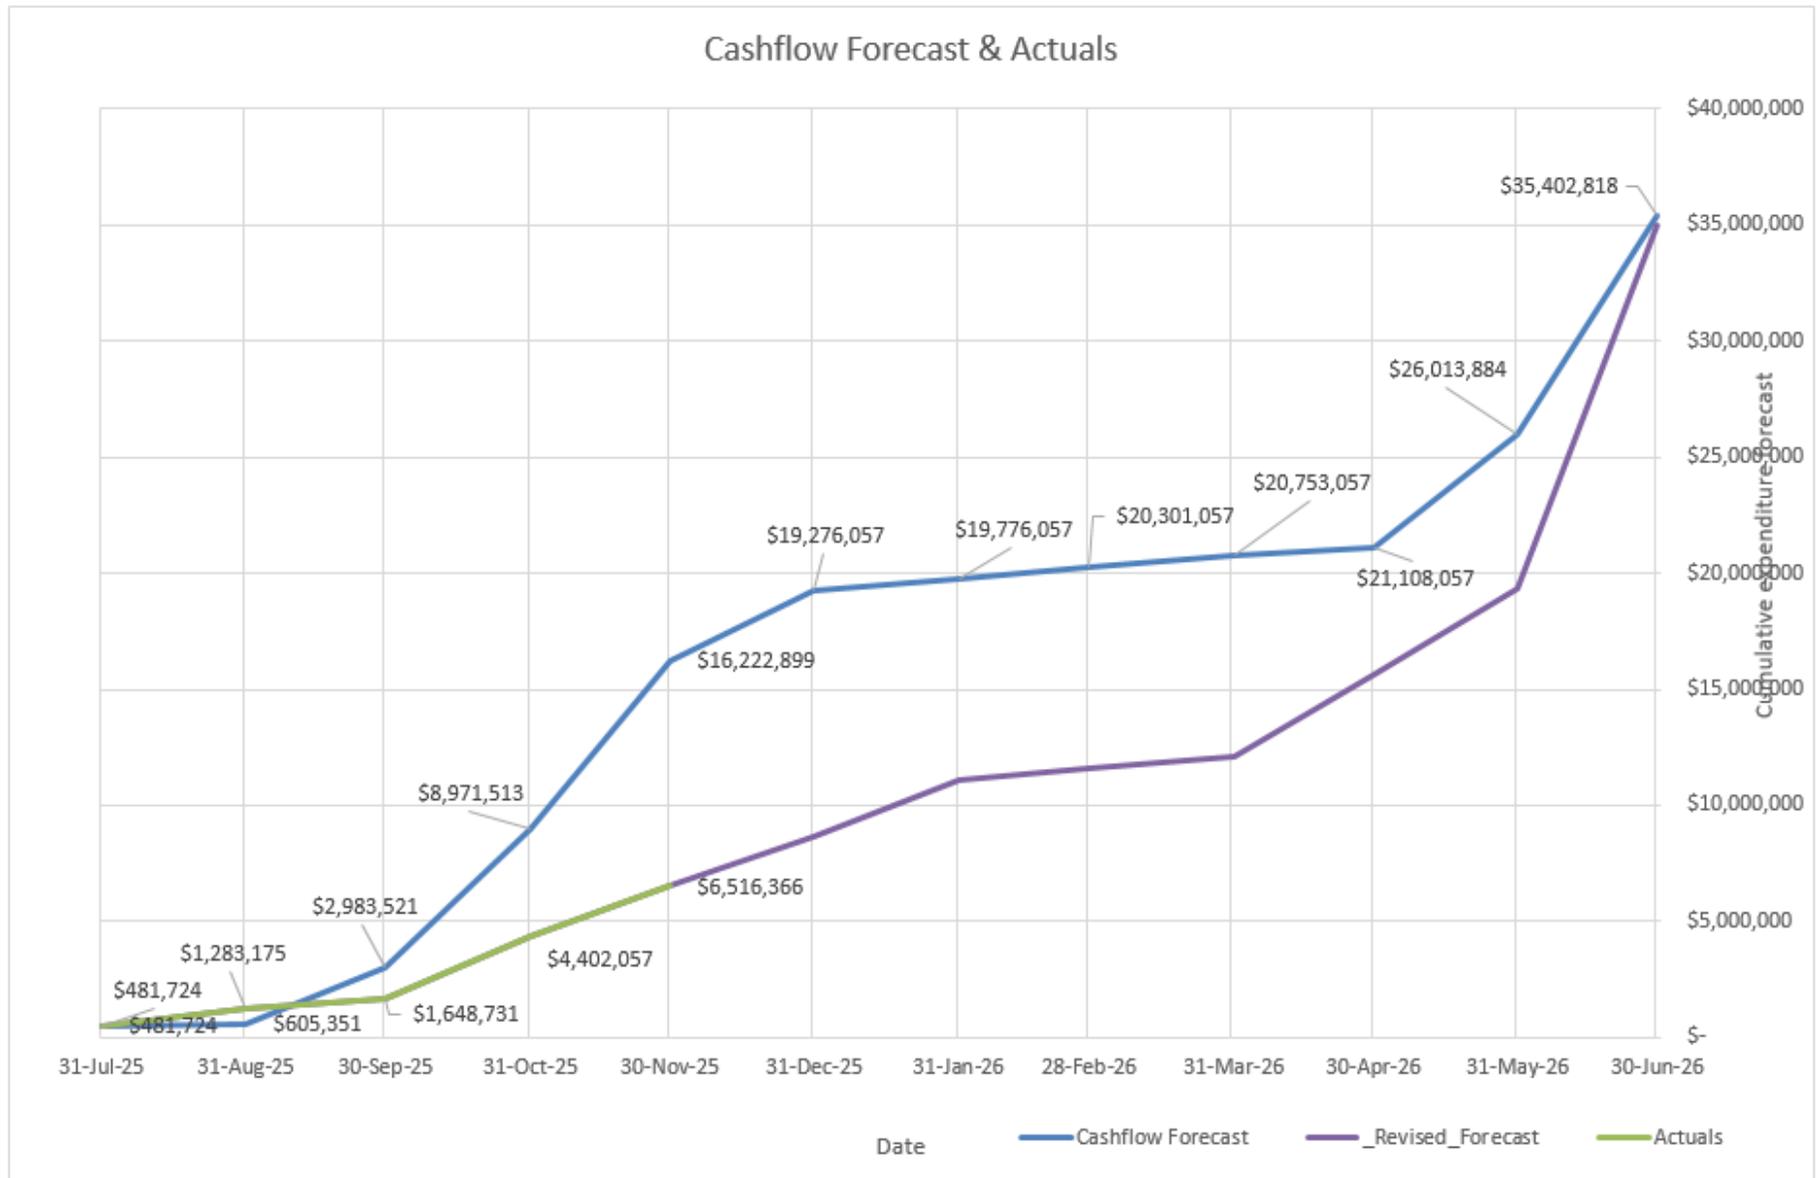

The slow progress of the 25-26 FY projects is mainly due to them being multi year and in design process or recent approval of the grants.

Attached please find a list of Capital Works Projects including details such as the description and status of each project.

3. CASHFLOW

Below please find the Cashflow Forecast baseline, Actuals, and the revised forecast for this financial year. The revised forecast is \$34,950,000 expenditure for 25-26 FY. The drop in the revised forecast is coming from removing the forecasted figure for the Industrial Estate Construction Project (as no funding has been secured yet).

The actual expenditure for the month of December is approximately \$11m less than the baseline. As raised in the last report, the revised forecast expenditure of the Airport Runway Project and Concrete Mattresses Project are the main sources of this gap. Both projects while behind the financial forecast, are still expected to get delivered in 2026.

4. CAPITAL WORKS PROGRAM HIGHLIGHTS

 - The Splash park was officially opened on 5 December.

11.03 Finance Monthly Update Report

DEPARTMENT:	Office of the Chief Executive Officer
RESPONSIBLE OFFICER:	Dan McKinlay; Chief Executive Officer
PREPARED BY:	Shaun Jorgensen; Director of Finance and Technology
DATE REPORT PREPARED:	20 January 2026
LINK TO COUNCIL PLAN/S:	Operational Plan 2025-26 Council Budget 2025-26

1. PURPOSE OF REPORT

This report has been constructed to provide a snapshot of the progress of council's operations (financial) against budget targets at 30 June 2026 as adopted by the council budget. The below report will focus on providing information to key decision makers in regards to key metrics, trends and actuals for the month ended December 2025.

2. SUMMARY

Council's cash was up by \$3.357mil by the end of December 2025.

Overall council's reporting shows a budget position of 58.46% expended to date; this is above budget expectations overall by 8.46%. Note that significant flood damage works has been completed to date which skews this result significantly resulting in heavy cost phasing; it is expected this over budget percentage to normalise as the year continues. In addition to this, significant amounts of unbudgeted RMPC works have been carried out which has yielded a reasonable level in additional income to council as well year to date. This will be amended in the Q2 budget review.

The following report will cover off on the following key areas (in order) of the list:

1. Overall Operating Summary (Actual v Budget)
2. Statement of Cash Flows
3. Statement of Income and Expenditure
4. Organisational Services Performance
5. Statement of Financial Position
6. Rating Arrears Summary
7. Exercise of Delegations
8. Officer's Recommendations

3. OVERALL OPERATING SUMMARY (ACTUAL V BUDGET)

The below summary shows a brief snapshot of how council is tracking in the current year against the budget for the year as adopted by council for the 30 June 2026.

Overall Financial Performance	Note Ref	Year To Date Actual	Annual Budget (Target)	YTD Progress %

Sustainability Outlook¹

*Financial Sustainability Ratios and Measures of Sustainability	Target	Current Month YTD	Prior Month
¹ Operating Surplus Ratio (%)	Between 0% and 10%	-2%	-6%
² Working Capital Ratio	Greater than 1:1	1.1	1.1
³ Net Financial Liabilities Ratio	Less than 60%	-11%	-15%

*Ratios are currently distorted as accruals represent significant distortions in reporting figures.

Notes:

- (1) **Operating Revenues** - Noted that \$5.66mil of DRFA revenue has been recognised for the month ended December 2025 for the 2022-2023 DRFA REPA and 2023-2024 DRFA REPA - this is due to significant works being completed year to date and due to arrears in revenue owed to council from the QRA now being resolved.
- (2) **Operating Expenses** - Noted a majority of expenditure was incurred for DRFA flood damage works; this has slightly pushed council above its general expense pro-rata expectations on the basis of the amount of works being material when compared to all other operating expenditure of council. All accruals have now been processed and expenditure is free from material timing distortions.
- (3) **Capital Revenue** - \$1.44mil for Growing Regions R2 was recognised for the month and \$266k of BOR6 was recognised for capital works completed year to date.
- (4,5,6,7,8) - Accounts relate to balance sheet movements, all of which will move in correlation to Council operating movements; as such no items by exception to report at this stage.

¹Definitions

¹ The working capital ratio: measures council's ability to offset short term obligations with current assets.

² The net financial liabilities ratio: measures council's ability to increase borrowings where necessary.

³ The operating surplus ratio: measures council's ability to cover operational costs through operational revenues.

Noted improvement in restricted cash (projected) month on month. This is due to a number of capital grants being recognised post works completed. It should also be noted that a large sum of funds are pending to be paid by TMR to Burke Shire council. There has also been approximately \$4mil in capital funds spent on projects during the month with approximately \$2mil of this being funded by grant to date with further grants due for claim. Projects staff have been notified to follow up on any funding claims that should be made as a result.		

Notes to the Statement of Cashflows:

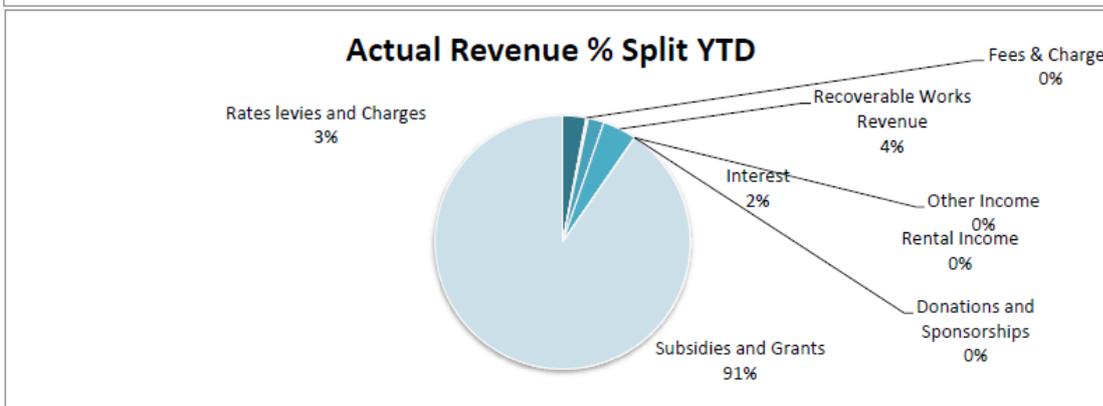

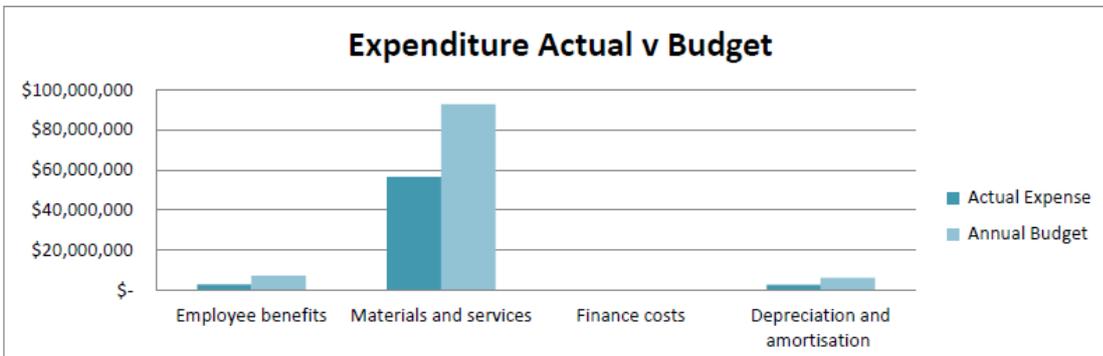

- (1) **Receipts from customers** – On track with budget.
- (2) **Payments to suppliers and employees** – Significant amounts spend on DRFA funded works during the month for the 22/23 and 23/24 flood damage program makes up the predominant amount of the monthly movement.
- (3) **Rental Income** – Rental income is on track with budget.
- (4) **Interest Received** – Interest is on track with budget with an effective interest rate provided by the QTC (4.27%). Increase from 4.23% in November 2025. This shows council will become progressively less reliant on surplus bank interests over time to fund shortfalls; this has been anticipated as part of the annual budget planning conducted.
- (5) **Operating Grants and Contributions** – Noted that \$5.99mil of DRFA revenue has been recognised for the month ended November 2025 for the 2022-2023 DRFA REPA and 2023-2024 DRFA REPA - this is due to significant works being completed year to date.
- (6) **Payments for Property, Plant and Equipment** – Noted an increase in expenditure by approximately \$4.04mil for the month of December 2025. Projects staff are currently in the process of seeking milestone claims to continue to return this cash to council reserves.
- (7) **Capital Grants and Subsidies** – \$1.44mil for Growing Regions R2 was recognised for the month and \$266k of BOR6 was recognised for capital works completed year to date.
- (8) **Net Cash Movement** – Council's cash holdings were up by \$3.357mil by the end of December 2025.

PREPARED BY:	Dan McKinlay; Chief Executive Officer
DATE REPORT PREPARED:	20 January 2026
LINK TO COUNCIL PLAN/S:	Corporate Plan 2019-2024-Goal-Good governance. Council develops, implements and maintains an effective and compliant governance framework (governance, finance, risk)

1. PURPOSE

To adopt the Council's Operational Risk Register – to 31 December 2025.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

Council's Operational Risk Register reflects the organisation wide commitment to a consistent approach to managing risks. The management of risk is not the responsibility of a particular department, team, or service within Council, but a shared responsibility across the organisation. The acceptance of risk ownership is required by each staff member at every level within the organisation.

Council wishes to foster and promote a 'risk aware' but not 'risk averse' culture throughout the organisation. The purpose of the Operational Risk Register is to assist individuals in considering risks and opportunities in a consistent manner.

Councils Risk Management Framework adopted by Council in October 2020 identified the following risk categories:

- Assets
- Financial Sustainability
- Emergency and Disaster
- Environment
- Governance and Compliance
- ICT
- Public Health
- Reputation and Service Delivery
- Workforce
- Workplace and Public Safety

3. PROPOSAL

Senior Management have brainstormed each risk category to determine risks identified, previous progress and current progress towards mitigating risk.

Summary of each risk category in the table below identifies Control Likelihood, Level of Control, Consequence Level and total risk rating.

11.05 Councillor Remuneration Review Effective 1 July 2026

DEPARTMENT:	Office of the Chief Executive Officer
RESPONSIBLE OFFICER:	Dan McKinlay; Chief Executive Officer
PREPARED BY:	Dan McKinlay; Chief Executive Officer
DATE REPORT PREPARED:	12 January 2026
LINK TO COUNCIL PLAN/S:	Burke Shire Council Budget 2026/2027

1. PURPOSE

To determine Councillors Remuneration for the financial year ended 30 June 2027.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

The Local Government Remuneration Commission (Commission) has concluded its annual review of the categories of local governments and the assignment of local governments to categories

Each year by 1 December, the Local Government Remuneration and Discipline Tribunal must finalise a determination of the maximum remuneration levels for mayors, deputy mayors and Councillors, to take effect from 1 July the following year. The Commission determines the levels of remuneration for Mayors, Deputy Mayors and Councillors of Queensland local governments as required by section 177(c) of the Local Government Act 2009 (Act) and Chapter 8, Division 1 of the Local Government Regulation 2012 (Regulation).

Under the remuneration schedule, Burke Shire Council is considered a Category A2 Council.

In making the determination this year, the Commission has considered the following:

- The outcomes of the Commission’s 2023 remuneration category methodology.
- Remuneration and wages indexation applied for other public sector entities.
- The importance of maintaining financially sustainable and fiscally responsible wage growth, taking into consideration:
 - the recently challenging and unstable inflationary environment and measures taken by other government authorities to manage the impacts of inflation.
 - the challenges faced by local governments and their communities in relation to climate change and environmental, social and corporate governance (ESG) reporting, and the additional resources required in relation to sustainability and resilience strategies.
 - the realistic affordability and sustainability impacts for councils and their communities of wage increases for elected members.
 - the potential differential impact of Consumer Price Impact (CPI) changes across various parts of Queensland, including rural and remote regions.
 - the appropriateness or otherwise of CPI as a potential measure in significant inflationary periods of time and the relative volatility of annual CPI since the COVID 19 pandemic.

- existing remuneration disparity in dollar terms between the remuneration paid to mayors and councillors in smaller, rural, regional and remote parts of Queensland when compared to mayors and councillors in larger, metropolitan locations.
- anecdotal evidence of the desire to attract and retain high quality candidates to these roles, particularly in regional and remote areas.
- the continuing significant disparity in remuneration between Mayors and Councillors from smaller rural, regional, and remote communities compared to those in larger metropolitan areas, as highlighted in written and oral deputations to the Commission over the last five years.
- the gap in real wage terms between Mayors and Councillors in Categories A1 to B1 and those in Categories B2 to F2, despite the equally important work undertaken by local governments in all categories.
- the Commission remains committed to addressing this gap through its annual remuneration schedule and category reviews and has applied a higher percentage increase for A1, A2, A3 and B1 councils.
- the Commission further took into consideration the increase in All Groups CPI and the increases in the wage price index.

Section 241 of the Regulation states the Commission must establish categories of local governments to enable the Commission to decide the maximum amounts of remuneration that are payable to Mayors and other Councillors in each of the categories.

Section 247 of the Regulation states that the maximum amount of remuneration payable to a Councillor under the remuneration schedule must be paid to the Councillor, unless the local government, by resolution, decides the maximum amount is not payable to the Councillor.

Section 247 of the Regulation states that Council must make a resolution for the remuneration payable from 1 July of a particular year, before 1 July of that year.

Section 248 of the Regulation allows a local government to make a submission to the Tribunal to vary the remuneration for a Councillor, or Councillors, to a level higher than that stated in the remuneration schedule where the local government considers exceptional circumstances apply. The Tribunal may, but is not required to, consider any such submission. If the Tribunal is satisfied that exceptional circumstances exist, the Tribunal may approve payment of a higher amount of remuneration.

Determination of maximum remuneration levels

For this year's determination, the Commission has decided the maximum remuneration levels for mayors, deputy mayors and Councillors are as follows:

Council Categories: A1, A2, A3 and B1	Increase by 4.5 % from 1 July 2026
Council Categories: B2, B3, C1, C2, C3, D2, D3, E2 and F2	Increase by 3.25 % from 1 July 2026

Burke Shire is an A2 Council, and the increase will be 4.5 %.

The table below details the remuneration paid to Mayor and Councillors for the last three years:

Year	Mayor	Deputy Mayor	Councillors
2025-2026	\$122,975	\$70,946	\$61,486
2024-2025	\$119,393	\$68,880	\$59,695
2023-2024	\$114,801	\$66,231	\$57,400

3. PROPOSAL

The proposal is to accept the remuneration increase of 4.5 % at 01 July 2026.

4. FINANCIAL & RESOURCE IMPLICATIONS

The maximum remuneration determined for elected members for Category A2 Councils is 4.5% determined as follows:

Year	Mayor	Deputy Mayor	Councillors

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

It is a requirement of the Local Government Act 2009 (LGA) Section 260 for Local Governments to have in place a 'Register of Delegations'.

This section states:

1. The Chief Executive Officer must establish a register of delegations that contains the particulars prescribed under a regulation;
2. The Chief Executive Officer must record all delegations by the local government, Mayor or the Chief Executive Officer in the register of delegations; and
3. The public may inspect the register of delegations.

The Local Government Act Section 257(5) provides that a delegation to the Chief Executive Officer must be reviewed annually by the local government.

In collaboration with King & Co Solicitors and the Local Government Association, a complete list of delegations which may be delegated from Council to the Chief Executive Officer was prepared and is regularly reviewed for use by Local Governments

The proposed delegations have been comprehensively re-examined by the CEO for the purpose of up-dating Council's Delegations Register. Upon acceptance of the Delegations Register the CEO will then implement delegations to respective staff.

A formal resolution needs to be made to approve all delegations. This is a requirement to conduct the day to day business of Council without the necessity of some matters being discussed at a formal Council meeting. Once this resolution is made, the draft Register of Delegations will become the basis of Council's Record of Delegations, as required by the LGA.

11.10 Small Business Digital Incentive Grants Policy Application

DEPARTMENT:	Office of the Chief Executive Officer
RESPONSIBLE OFFICER:	Dan McKinlay; Chief Executive Officer
PREPARED BY:	Kimberly Chan; Economic and Community Development Manager
DATE REPORT PREPARED:	19 January 2026
LINK TO COUNCIL PLAN/S:	Burke Shire Council Corporate Plan 2025 – 2030 – <i>Goal: Economic Development and Sustainability, Strategy 1. Support the sustainability and growth of local businesses and industry, KPI (f) implement small business façade improvements and digital upgrades grants policy</i> Burke Shire Economic Development Strategy 2025 – 2030

1. PURPOSE

The purpose of this report is to review an application received from the Burketown Post Office and Convenience Store pertaining to the Burke Shire Council Small Business Digital Incentive Grants Policy.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

In May 2025, Council adopted two new small business policies – the Digital Incentive Grants Policy and the Façade Improvements and Upgrades Policy. Both policies aim to help support the development and growth of our local small business community. The small business programs were rolled out to the public shortly after adoption and subsequently one application was received in December 2025 under the Small Business Digital Incentive Grants Program. As per the policy, any application must be presented to Council to determine the amount of financial support that will be granted.

3. PROPOSAL

MAKAE Pty Ltd operating as Burketown Post Office and Convenience Store, submitted an application in December 2025 for the uptake of a new Xero subscription. The business adheres to the eligibility requirements of the grant and the uptake of a Xero subscription is also relevant to the small business goals of the Digital Incentive Policy. The business has only been operating for a period of six months, and therefore the subscription is a foundational piece of digital software for the newly acquired business. The business also provides essential services to our community through its supply of general groceries and postal services.

The application submitted by MAKAE Pty Ltd proposes a 50/50 Council and applicant co-contribution to the Xero subscription for one year which equates to \$997.50 per contribution. The total project cost for one year will total \$1,995.00. Evidence of the total cost of the subscription has been provided with the application.

4. FINANCIAL & RESOURCE IMPLICATIONS

Council has an allocated budget for our Small Business Incentive Policies which includes the Small Business Digital Incentives Grants Policy. As mentioned previously, this application would see Council contribute \$997.50 to the project. As it is the first and only application that we have received for this financial year, the impact is minimal. The contribution amount also adheres to the policies guidelines.

5. RISK

Risk Type	Consequence	Mitigation
Financial	<ul style="list-style-type: none"> ▪ Possibility of misuse of funds by applicant ▪ Applicant becomes insolvent or ceases trading over the course of funding period 	<ul style="list-style-type: none"> ▪ Ongoing monitoring and open communication with applicant. Evidence of spent funds to be sent to council

6. POLICY & LEGAL IMPLICATIONS

GOV-POL-018 Burke Shire Council Small Business Digital Incentive Grants	Under the policy applicants must not have any outstanding debt or bankruptcy claims. Council will conduct an ASIC Search on applicable companies to ensure no outstanding debts or insolvency issues are current. Council will also ensure there are no outstanding rates or outstanding council invoices owing associated with the applicant.
---	--

7. CRITICAL DATES & IMPLICATIONS

This Small Business Digital Incentive Grants Policy application from MAKAE Pty Ltd relates to a subscription that runs from December 2025 to December 2026. The funding allocated to this project will be drawn from Councils 2025 – 2026 financial year budget.

8. CONSULTATION

Direct communication with the relevant business will continue to take place throughout the course of the project.

Consultation between the Burke Shire CEO, Director of Finance and Technology, and the Economic and Community Development Manager regarding the application has also occurred.

9. CONCLUSION

The implementation and effectiveness of the Small Business Policies depend on allocating funds to projects that comply with policy guidelines and support the policy's objectives. The proposal submitted by the Burketown Post Office and Convenience Store exemplifies an initiative that aligns with the intent of the Small Business Digital Incentive Grants Policy. Accordingly, support for the digital subscription should be considered favourably.

10. OFFICER'S RECOMMENDATION

1. That Council note the contents of the report; and
2. That Council approves financial co-contribution of \$997.50 towards the Xero subscription for MAKAE Pty Ltd, trading as the Burketown Post Office and Convenience Store, under the Burke Shire Small Business Digital Incentives Grants Policy.
